## Subdividers Admit Error; To Pick Up \$3,500 Tab

### Patience and Insistence of Council In Good Planning Pays Dividends

### Sierra Madre Estates Given Acceptance With Conditions

Patience and insistence by the Sierra Madre City Council in good planning, and the welfare of its citizens paid great dividends Tuesday evening at their regular meeting when the Appeal of the Subdividers of the Willis Tract No. 29402 presented itself for hearing.

The Tentative Tract Map was presented to the Planning Commission on September 17 and was denied on the grounds that the proposed 42-acre subdivision contained excessive grading and too many lots to be within the bounds of good planning. With one member of the Commission absent the vote was 4 to 2 for denial, and the subdividers appealed to the Council for consideration.

Continuation of the hearing of the appeal was postponed from meeting to meeting due to moratoriums, ad hoc hillside studies, CU permits and finally the decision of the Council to hire the Landplanning Associates, using the Taxpayers' money to the tune of \$3,500 for a study and recommendation for subdividing the area. An additional expenditure of \$1,000 was expended by the Council for a "mock" relief map when it was found that it was not necessary, due to similar presentations by interested parties.

The Landplanning Associates presented their proposal on Thursday evening, January 7, and contained R-1 housing, multiple housing and cluster housing.

#### "We Errored"

Henry McNulty, representing the subdividers and associates in presenting the Appeal stated that they had started engineering on the project more than two years ago, and that it was their feeling that the "answers they were seeking" were not completely given in the study by the Landplanning Associates, and that the engineering would not work out, nor could development be made under now existing Building Codes. However a new concept in the joining of engineering and architect had shown them the "error

of their ways" and by changing their thinking and incorporating some of the landplanners' suggestions, it had been shown to them that they could reduce their

grading by some 25 per cent and that they could reduce the number of R-1 units from 42 to 39, and since the presentation by the Landplanning Associates last Thursday that he and his Associates had given great consideration to a "Compromise" plan that could be done with all the safety in the world. In fact the Landplanning study had motivated a complete new concept of the area and had such a tremendous potential of saving to the subdividers that he and his Associates were more than willing to pick up the \$3,500 tab of the paid-out taxpayers' money.

### Considering Senior Citizen Property Tax Relief

Property tax relief for Senior Citizens with fixed incomes is an absolute necessity, said Richard Nevins, Southern California member of the Board of Equalization. Nevins, long a proponent of this type of legislation, pointed out that a majority of the states either have or are contemplating similar legislation.

He outlined three plans which would accomplish this program: a "Wisconsin" type plan which would

grant Senior Citizens refunds on their state income tax returns, the money to be refunded or used as an offset against any income tax due. Property owners, as well as those renting, would qualify. The major advantages of this type plan are that it requires no constitutional exemption, preserves the property tax base, and puts the burden of the program at the state level.

A second plan allows a

## Single Homes Will Take Brunt Of Tax Says Group

### Contest At Hartman's

A new type of contest opens this week and will continue until Saturday noon, February 13, and the winner will receive for his efforts a brand new Brownie Fun Saver 8mm movie camera.

Rudolph R. Hartman, this week initiated a new column, and he is seeking a name for it. You will find this column on page three of this issue and will note the temporary heading that is to be replaced.

The winner of the contest must think up, by the opinion of the judges, the name for the column that will be used after February 13.

The contest will close at noon Saturday, February 13 and the judges will make the award as soon as possible after that date. You may make as many entries and you desire, and they can be brought in or mailed either to Hartman Pharmacy, or the Sierra Madre News. The opinion of the judges will be final and all entries will become the property of Hartman Drug.

### Property Owners Asked To Attend Meeting of Planning Comm. Jan. 21

### Ordinance Termed Extreme R-3, R-P Landowners Hit

A group of men interested in the welfare of the city of Sierra Madre met last Thursday noon to discuss the new emergency ordinance adopted by the City Council at their meeting of December 22 and put into effect for the next 120 days. The Ordinance practically placed a moratorium on all apartment house building, unless it complied in full respect with the Ordinance as passed by the Council.

The Ordinance is patterned after the one in effect in Arcadia and was introduced to the Planning Commission at a November meeting by Commissioner Poolman, and was brought before the Council on December 22 and passed by a vote of 4 to 1 without "study time" being given.

The Planning Commission asked for the emergency ordinance for 6 months to study the situation but was granted 120 days at which time recommendations will be given to the Council for a Permanent Ordinance. The hearing has been

called by the Planning Commission for Thursday, January 21 at the hour of 8 p.m. The conclusion of this hearing will be the recommendation that the Commission will make to the Council, who will in turn compose it into a permanent Ordinance for enactment sometime prior to April 30, 1965.

A group of Sierra Madre Citizens, names at the end of this article, termed the new ordinance as one that will eliminate all apart-

ment house building in Sierra Madre, that the city will be known as a city of trouble to apartment house owners and builders, and henceforth the sale of this type of property will become extremely difficult to handle.

Since Sierra Madre does not embrace manufacturing, its only tax base is single home owners, apartment owners and commercial businesses. If apartment houses are stopped then the tax base will be greatly disturbed and it will fall to the single family home to pick up the load.

People who have invested in R-3 land in Sierra Madre for the future purpose of apartment house building now find hypothetically that where under the old building codes that they had room for 15 units on their land and now find they only have

### Penny Ward Earns Title Of Queen

Penny Ward, honey-blond Pasadena math student, has found a new use for statistics. Her own 33-22-35 measurements helped her earn the title of Queen for the upcoming Sports, Vacation and Travel Show.

She will reign over the international Show produced by Fred J. Tabery, at the Shrine Exposition Hall, January 22-31.

The accent will be on outdoor vacation activities at the Show and that's just where Penny is most at home. She has half a wall of her room at home in Sierra Madre covered with ribbons she has won in swimming competition, and she is an avid surfer, snow and water skier.

In the classroom, where she also excels, Penny is working towards a career in the teaching of mathematics. She is an honor student at Pasadena High School, where she is a senior and currently applying for scholarships at several universities.

The Sports, Vacation and Travel Show Queen has two older brothers, Peter, 22, a UCLA student, and Michael, 18, who attends Pasadena City College, and a sister, Patsy, 14, a student at Wilson Junior High in Pasadena.

The 10-day show will feature the latest in hunting and fishing equipment, vacation ideas, water sports and athletics, along with exhibition casting and other attractions.

### NEW PREXY FOR C. OF C.

Ronald Thurston of Thornomatic Company was elected president of the Sierra Madre Chamber of Commerce at the January meeting of the Chamber Directors Tuesday, January 12. Other officers elected were: Douglas Delahouke of Harry A. Lange & Associates, vice president; Frank Dolph of the First Western Bank, treasurer.

Newly elected or re-elected directors of the Chamber are: John H. Curtis of Sierra Madre Real Estate, Don Ferriera of Sierra Madre Hardware, Frank Green of

## B of A Names Manager And Ass't For Local Branch

HUGH D. BARTON, Manager of  
... Sierra Madre Branch of Bank of America

Bank of America has named Hugh D. Barton manager of its soon-to-open Sierra Madre branch.

Assistant Cashier Royce M. Bonds will be second in charge.

The Chicago-born Barton has lived and worked in this area since 1953, when he was discharged from the army after three years' service in Korea.

He attended Pasadena City College, then worked for Bank of America in Pasadena for eight years, serving at the Arroyo-Colo-rado branch and Pasadena Main Office. Since 1963 he has been a lending officer at the Altadena branch.

Barton has been active locally in the American Institute of Banking, educational wing of the American Bankers Association, and currently is serving on the board of governors of the Institute's Pasadena chapter.

In his leisure time, the new manager enjoys fishing and hunting.

Barton, his wife Cleareda and son Gregory, 7, live in Arcadia.

Bonds, who will also be responsible for general operations of the new branch, has been assistant operations officer at Alhambra.

A graduate of Florida State University with a degree in Business Administration, he has also com-

ROYCE M. BONDS  
... Ass't Cashier

pleted the Bank of America management training program.

Bonds was born and attended high school in De Funiak Springs, Florida. He served with the army in Germany in 1956.

With wife Lore and children Thomas, 7; Robert, 5; Carole, 3; and Royce Jr., 1, he makes his home in Glendora.

Like Barton, Bonds is an ardent fisherman.

### College No Cost To County

### L.A. Firefighters Show High Level Education

Fire fighters employed by the County of Los Angeles now possess an average level of education equal to nearly one full year of regular college work, County Supervisors were told last week. It was further reported that 81.2 per cent of the uniform members of the Los Angeles County Fire Department have attended college and

that 150 of these men have earned college degrees.

James O. Page, Research Director for the Los Angeles County Fire Fighters Union reported on the results of a survey made earlier in the year. In addressing the board, Page pointed out that such factors as increased population and advanced scientific technology "have changed the job of professional fire fighters from a simple and mechanical process to an exacting, scientific profession."

In presenting personal copies of the survey report to Supervisors, he added, "We are happy to report on the commendable manner in which our members have accepted this challenge of education. In addition to statistical data on the fire fighters' educational accomplishments, the report points out that "fire fighters employed by the County of Los Angeles receive no special compensation for their college work. All such work is strictly voluntary and must be accomplished during off-duty hours."

"In most cases the costs incurred by these fire fighters in continuing their education were culled from the family budget. In many cases these costs for transportation, books, supplies

On Thursday, Feb. 4, from 6 to 9 p.m. there will be a courtesy sale for members of the Friends of the Sierra Madre Library. Memberships will be on sale at the door that evening, and everyone is invited to become a member of this stimulating group.

### We Owe Them Much Credit

### Mormons To Again Work On Old Mt. Wilson Trail

by BILL WARK

The old Mt. Wilson Trail will receive a face lifting next Saturday, January 16, when the famed Mormon troops of Whittier Ward 5, Fullerton Ward 2, and South Gate Ward 3 return to go over the entire length of the trail.

Since they completed the trail last year, hundreds of hikers have gone up and down the famous old trail. For the first time in years groups such as the Roamer Hiking Club of Los Angeles, the Sierra Club 100 Peak Section, Trail Blazers of Pasadena High School, Modern Mountaineers, Lever Pack Rats and many scout groups have scheduled hikes along the path.

There is little doubt that the Old Mt. Wilson Trail has once again become a major attraction to Sierra Madre. Unspoiled by fire roads and flood control dams which took much away from the Big Santa Anita, the Old Mt. Wilson Trail winds through a wilderness area of its own. Here all the wildlife of the forest abounds and the area looks much the same as it did when the trail was first built over a hundred years ago. With its ever flowing stream and beauty in the canyon there is hardly an old timer in Sierra Madre who doesn't recall the happy days and hours spent along this beautiful trail.

Yet less than two years ago this historical trail, like the Sturtevant and the Zig Zag Trail lay dying under a setting sun. A few volunteers began digging away in an almost futile attempt to rebuild it all the way to the top. Outstanding among the small band of volunteers were Ambrose Zaro, 64, of Maywood and Barney Decker, 65, of Eagle Rock, who still spend one day a week working on the trail in the ever constant battle against wind and rain. But the trail was too long and hopes of completion were fading.

La Vern Evans of Fullerton; Myron Keith Harding, of South Gate and Dave Evans of Whittier listened to our pleas and decided to pitch in and help.

1965 should see something completed on the long awaited Suffolk Avenue cut through. Frank Parks, Councilman, keeping dogging it along, bringing up the subject every so often in an attempt to hurry the situation.

Of course it seems that the Sierra Madre Estates has left the activity calendar as far as protests are concerned. This year should see the building and completing of ten to fifteen homes in the tract, maybe more since there is room for 61.

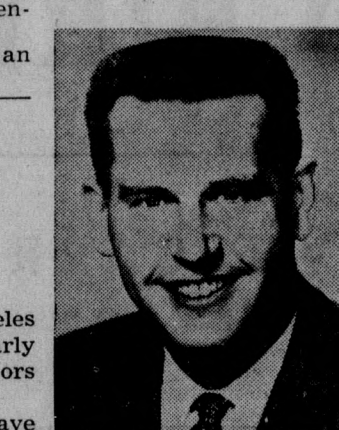

Another situation that may see some heat is the newly proposed City Ordinance for the building of R-3 apartment houses and the R-P zone. I am sure many of us agree with the Planning Commission and the City Council that something should be done in this respect, and since a 120-day, so to speak "freeze" is on the permanent situation should be settled sometime before spring and we will see better building in that field.

Of course another item that is being constantly watched is the new proposed "Civic Center." Soon now, the tentative price of this structure should be known to the Council, and their decision to proceed with the building should be short in forthcoming.

As things stand today there are two things standing in the path of the Council to proceed with this structure. The first stumbling block is price. They have \$200,000 in the budget for this purpose and they have the sale of the building and property that they now occupy to add to this sum. The Capital Improvement Committee absolutely state they will not "go in debt" to build the Center, so if the price is right and they

—Please turn to Page 10

### Lipscomb To Serve As Chairman

Congressman Glen Lipscomb (24th District) will again serve as chairman of the California Republican Delegation for the 89th Congress.

Lipscomb, who has been chairman since 1953, was selected for the post at the Delegation organizational meeting. The meeting was attended by all California Republican House members and by Senator George Murphy. Senator Tom Kuchel was unable to attend.

The California Republican delegation in Congress is now the largest of all the states.

In addition to renaming Lipscomb chairman and selecting those who will serve in various other positions, the delegation discussed issues and problems of importance to California and how it can be most effective in behalf of the state.

As things stand today there are two things standing in the path of the Council to proceed with this structure. The first stumbling block is price. They have \$200,000 in the budget for this purpose and they have the sale of the building and property that they now occupy to add to this sum. The Capital Improvement Committee absolutely state they will not "go in debt" to build the Center, so if the price is right and they

## Spring Forum Series To Be At Monrovia High

Monrovia Evening High School announces that the Spring Community Forum series to begin on Thursday, March 4, has been approved by the Forum Committee, composed of J. W. Hudson, originator of the Community Forums, assisted by Richard Bolton, Chester Van Hellen and Raymond Hudson, who will act as chairman of the individual forum sessions.

The theme for the series is "Hopes and Fears of World Diplomacy" with various conditions involved in world diplomacy being presented by means of five outstanding color films and one illustrated lecture as follows: March 4, "Cyprus, the New Republic," Robert Davis, color film; March 11, "Malaysia: Democracies New Star in Asia," Don Ebricht, color film; March 18, "Indonesia," Phil Walker, color film; March 25, "People of South Africa," Frances I. Olson, color film.

Also April 1, "Gateway to the Caribbean," Eric Pavel, color film; April 15, "Bangkok and the Siamese," Dr. Don Shaw, color film.

Registration fee for the forum series is \$1.50, and includes tickets for all six of the forum presentations. The season tickets may be purchased by mail, or in person at the Monrovia Evening High School located in the main building at Monrovia High School, at 845 W. Colorado Blvd. Tickets may also be purchased at the office of J. W. Hudson, 111 E. Colorado Blvd., Monrovia.

### Engagement of Diane T. Brooks To Dennis James Alvey Is Announced

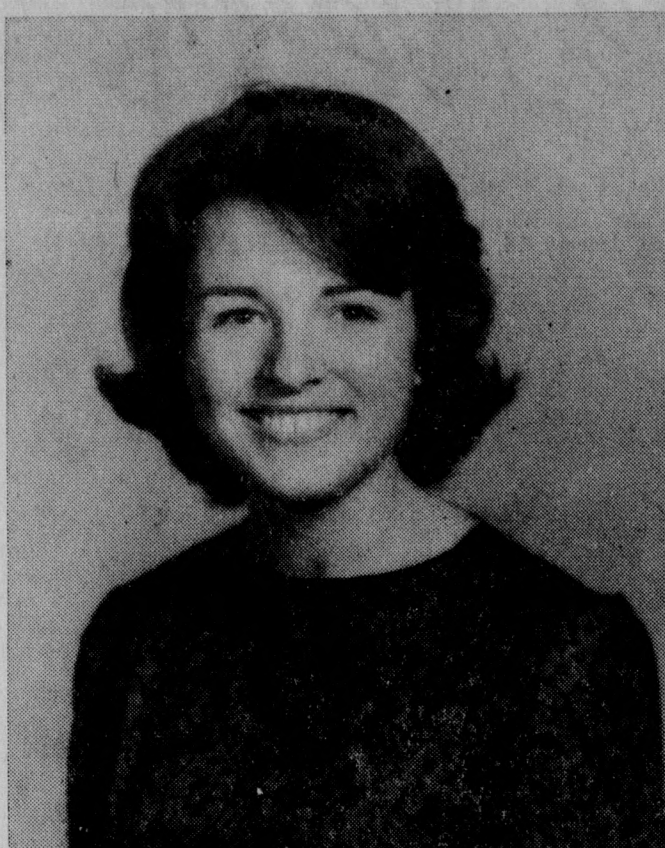

by LOLITA

Whether you think of the skin as an organ — which some schools of thought maintain it is — or merely a casing to contain the body sausage-fashion, the fact remains that it is one of the hardest working parts of the human body.

The skin is called upon to produce oils, hair, perspiration and nails, along with regulating body temperature. It has many ailments of its own and is usually affected in one way or another by most of the body. Thus, the skin suffers in beauty and attraction when one's health in general is something less than par.

The wonderful new VAPOR-ZONE machine at PETITE BEAUTY SALON, 185 West Sierra Madre Blvd., clears up greasy, dry or scaly scalp with lasting results. Why not make an appointment with us and try it. You'll be glad you did. Phone: EL 5-8041.

THIS WEEK'S HELPFUL HINT: If you want long and strong fingernails, try coating them nightly with white iodine.

MISS DIANE T. BROOKS

The Christmas Eve engagement of Miss Diane T. Brooks and Dennis James Alvey was announced at an open house by her parents, Mr. and Mrs. Norman E. Brooks of 270 N. Grove St., Sierra Madre. The engage-

ment party, attended by close friends and relatives was given on Sunday afternoon, December 27, by Mr. and Mrs. Syrious R. Alvey, parents of the bridegroom-elect, at their home at 451 W. Grand View Ave., Sierra Madre.

Miss Brooks graduated from Pasadena High School in 1963, and is now attending Pasadena City College, from which she will graduate with an A.A. degree as a liberal arts major. Mr. Alvey also graduated from Pasadena High School in 1963, and is now attending Pasadena City College. He plans to transfer to Los Angeles State College and major in art.

The young couple are planning for their wedding to be within a year.

### Shakespeare Club Hears Vice-Mayor

The Shakespeare Club of Pasadena will have Mr. Boyd Welin, vice mayor of Pasadena, as its featured speaker at the 12 o'clock luncheon meeting on Tuesday, January 19, at Stratford House. Mrs. T. William Heidner, president of the Shakespeare Club, will preside at the meeting. Mrs. Don C. McMillan, chairman of the day, will introduce Mr. Welin, who will speak on the subject, "Pasadena's Hopes."

Lore, stage and television star as well as a fashion and beauty consultant, will be presented at the afternoon program at 1:30 p.m. in Shakespeare auditorium. Following graduation from Northwestern University, Lore was active in the legitimate theater in the Chicago area. Since moving to the West Coast, she has also added television to her acting credits. Lore will give several demonstrations including techniques of fashion and make-up, and grace ad naturalness through body movement. Mrs. Walter L. Benedict, program chairman, will be in charge of the afternoon program.

### Bridge Section

The Philanthropy Department Bridge Section of the Shakespeare Club of Pasadena will meet at Stratford House on Thursday, January 21, at 11:30 a.m. for luncheon to be followed by bridge. Mrs. Marvin R. Ives, director of the Philanthropy Department, will turn the meeting over to Mrs. G. G. Brubaker, chairman of the bridge section. Mrs. Dorothy Prinz will give a bridge lesson at 12:45 p.m. and this will be followed by an afternoon of bridge for the members.

### Garden Dept.

The Garden Department of the Shakespeare Club of Pasadena will meet at Stratford House on Friday, January 22, at 2 p.m. Mr. David Gilfillan, garden editor of the Independent, Star-News, will speak on "The Planting and Care of Roses." Mrs. Frederick M. Dickey, director of the garden department, will be in charge of the program. Tea will be served following the program.

### Crib Crop

Mr. and Mrs. H. David Lloyd, of 600 Eaton Drive, Pasadena started the new year out in a big way. They welcomed their first child, a son, who made his debut into the world, Sunday, January 3, at St. Luke Hospital.

Robert David is the name given the new arrival, and he weighed in at 8 pounds 1 ounce. Also anxiously waiting the arrival of little Robert David were the grandparents, Mr. and Mrs. Laurence A. Lloyd of 240 Churchill Glen, owners of the Wistaria Flower Shop in Sierra Madre, and Mr. and Mrs. Jack Morlan of 600 Eaton Drive, Pasadena.

### Engagement of Barbara Sue Shanks And Rex Ronald Long Announced

BARBARA SUE SHANKS  
. . . . Engaged

A huge engagement ring with tall white tapers on each side, surrounded by pine boughs and ornaments, was the unique centerpiece on the dining room table for the family party Mr. and Mrs. Norman W. Shanks of 3725 Canfield Rd., Pasadena, gave on Christmas Day.

A white satin ribbon with the names Rex and Barbara on it, placed in front of the lovely arrangement, an-

nounced to the guests the engagement of the Shanks' daughter to the son of Mr. and Mrs. Raymond N. Long of 330 Manzanita Ave., Sierra Madre.

Both Barbara and Rex are graduates of Pasadena High School, and Barbara is now attending Pasadena City College. Rex is a graduate of Pasadena City College and is active in the U.S. Marine Corps Reserve.

### Mount Alverno Guild View Orient Holiday

Orient Holiday, a colored travelogue will be presented by V.I.P. Travel Agency of Sierra Madre at the next Mount Alverno Guild meeting, Wednesday, January 27. An Oriental luncheon will be served at noon and a brief business meeting will be held, following which the travelogue will be shown.

Mrs. Willard Chandler, program chairman, assures everyone that this film is most interesting and will appeal to all.

As the luncheon is being catered, all reservations must be in as soon as possible. Tickets are \$1.25 and available by calling parish representatives. Mrs. James Quigley is St. Rita's parish representative. Her telephone number is EL 5-7445.

### Kiwanis President Presents Theme, Objects of 1965

Dr. David Kirkpatrick, president of the Sierra Madre Kiwanis Club presented to the club membership the theme and objects of Kiwanis is 1965, with a film strip, narrated by Jim Wolfe on "What Kiwanis Can Do," at the regular general meeting held Tuesday, January 12.

A luncheon honoring the international president, Edward Moylan, was held at the downtown Los Angeles Club, Wednesday, January 6. Among the 800 attending this luncheon were Dr. Kirkpatrick and Jim Wolfe representing the Sierra Madre Kiwanis Club.

### SM Civic Club Plans Meeting

Sierra Madre Civic Club will meet Thursday, January 14, 8 p.m. at the Park house.

An interesting program has been arranged by Mrs. Richard Kohler, program chairman. All members are asked to attend. Guests are cordially invited.

### Casa Colina Medical Staff Addressed

Dr. Carl M. Pearson, Associate Professor of Medicine at UCLA School of Medicine, will address the medical staff at Casa Colina Rehabilitation Center, Pomona, on Thursday evening, January 14.

Internationally known for his research activities in muscle diseases, Dr. Pearson has chosen as his topic "Pathology of Neuromuscular Diseases." He has done extensive research in arthritis, rheumatism, and muscular dystrophy, and at present is active in research projects on the above diseases as well as muscle diseases polymyositis and dermatomyositis.

Author and co-author of some 86 books and papers, Dr. Pearson holds membership in many scholarly societies and is affiliated with the Arthritis and Rheumatism Foundation of New York. He is a member of the medical advisory board of Muscular Dystrophy Association of America.

A consultant in internal medicine at Camp Pendleton, U.S. Naval Hospital, Dr. Pearson is also attending physician in internal medicine, Wadsworth Hospital, Veterans Administration, Los Angeles; staff physician, UCLA Medical Center Hospital; and affiliate consultant in internal medicine, St. John's Hospital, Santa Monica.

All physicians in the area are invited to attend the dinner meeting. Reservation can be made by calling LY 3-1336. A short business meeting will conclude the quarterly staff event. Walter S. Phares, M.D., is chief-of-staff and will conduct the meeting.

### Architectural League To Meet January 14

On Thursday evening, January 14, at 8 p.m. the Pasadena Women's Architectural League will meet in the home of Mrs. Douglas Byles, 1536 Arroyo View Drive, Pasadena.

The film "Design for a City," the story of the redevelopment of Philadelphia, will be shown. Mrs. Douglas Byles will report on the Pasadena Communications Forum held in the fall.

Special guests of the evening will be wives of newly licensed architects.

Hostesses are Mrs. Edward Davies, Mrs. Donald Neptune, and Mrs. Roland Russell.

### DAR To Meet January 18th

Sierra Madre Chapter National Society Daughters of the American Revolution meets Monday evening, January 18, at 7 p.m. in the Park House, 25 S. Hermosa Ave., Sierra Madre.

The Regent, Mrs. Gwendolyn Becker, announces that all members, and especially committee chairmen, should be present as the main part of the meeting will be given over to filling out the yearly report sheets from the National at Washington, D.C.

Mrs. James C. Greer, program chairman, will report on the recent joint meeting at Eaton's restaurant in Pasadena. The State Society Regent, Mrs. Harvey Blanchard Lyon, outlined the state work coordinating it with the National Society aims and wishes of the President General, Mrs. Marion Moncure Duncan.

There were lovely table decorations and corsages commemorating the 75th anniversary of the Society's foundation and their sponsoring of the "Save the Redwoods League" respectively. Decorations were by Mrs. Archer S. Frey of the local chapter. Mrs. H. J. Tumidajewicz, regent of San Marino Chapter, presided at the meeting.

Attending from Sierra Madre Chapter were: Mrs. Gwendolyn Becker, Mrs. Walter Gardener, Mrs. Albert S. Myers, Mrs. Robert C. McBride, Mrs. Archer S. Frey, Mrs. James C. Greer, Mrs. Ethelyn Fuller, Mrs. Edwin Wileman and Miss Harriett Taylor.

District Council (Southern District) will be held Tuesday, January 19 at the U.S. Grant Hotel in San Diego with Mrs. Donald Spicer, State Vice Regent, presiding. Admiral R. E. Libby will speak on "Some Aspects of World Security."

### State of Maine

The Pasadena State of Maine Association will hold their regular dinner meeting Saturday, January 16, at the Knights of Pythias Hall, 2268 E. Villa St., Pasadena. All Maine folks and their friends are cordially invited to attend. An old fashioned baked bean dinner will be served at 6:30 p.m. After the short business meeting there will be games, prizes and fun for everyone. For reservations call SY 4-6616 or SY 6-7368.

### Tennis Classes By YWCA

Classes in tennis will be offered at the Pasadena YWCA, 78 N. Marengo Ave., starting Thursday, January 14. For business people in the immediate Civic Center vicinity there will be a noon class. Early afternoon classes will be scheduled. Children's classes will be at 4 p.m. and at 5 and 6 p.m. Older teenagers and young adults. Classes are open to men and women. Registration is now in process.

Dick Bradlee, the instructor, is the author of "Instant Tennis"; the sequence of champions. He has given over 100 exhibitions across the United States including Arizona State College, New York University, Palm Beach Recreation, American Yacht Club, North Island Naval Base, UCLA and Balboa Tennis Club.

### Mrs. Susan Clark Succumbs Jan. 10

Mrs. Susan M. Clark, age 67, passed away January 10 in the Sierra Madre Community Hospital after a brief illness. She was originally from Ireland, but had lived in California for 48 years. She was a resident of San Diego for many years, moving to Sierra Madre 2½ months ago.

Survivors include Mrs. Clark's husband, Mr. Charles Clark, of the home, 325 N. Baldwin Ave.; a son, Mr. John R. Clark of San Diego, and a daughter, Mrs. Maureen M. Lessing of Sierra Madre. Also a step-son, Mr. Mervin Clark of San Diego, and a step-daughter, Mrs. Thelma Woolsey of Los Angeles. Also a sister, Miss Cassie McGonigle in Ireland, and three grandchildren.

The rosary was recited at 7:30 p.m. on January 12 and the mass was celebrated by the Rev. Thomas J. O'Malley at St. Rita's on January 13 at 9 a.m. Interment was at Resurrection Cemetery in South San Gabriel.

### Bill To Increase Earnings

Congressman Glen Lipscomb (24th District) has introduced a bill in Congress which would double the allowable amount of earnings by persons receiving Social Security without incurring a reduction of their benefits.

Under present law, if a recipient of Social Security payments earns more than \$100 a month, those payments are reduced. Lipscomb's bill would allow earnings of \$200 a month before payment reductions would be effected.

Congressman Lipscomb stated: "The present restriction of an older citizen's capability is arbitrary and unfair. It fails to take into account rising living costs and it imposes an undue limitation on persons whose capacity for productivity goes on far beyond their 65th birthdays."

"In addition to the hardship imposed on individuals by this limitation, there are also involved inestimable losses to the whole economy of the nation. Many of these people still have much to contribute in skills and talents for the general good of the country as a whole and they should not be denied the opportunity to exercise them."

"Social Security was never meant to provide funds for complete retirement and this provision of the law runs directly counter to its true purpose, which is to provide an insurance program affording protection against loss or reduction of income brought about by old age, disability, or death."

Arrangements were made by Ripple Mortuary in Sierra Madre.

### Panhellenic Ass'n To Meet Jan. 28

National and local officers of national sororities will present a panel on "Rush" when the Pasadena Area Panhellenic Association meets at 10 a.m. Thursday, January 28, at the home of Mrs. Karl Freden, Kappa Delta, in the Kinnelao Canyon area, Pasadena, according to Mrs. Donald Murray, Gamma Phi Beta, vice president and program chairman.

Mrs. Dennis Pickens, Arcadia, Chi Omega recommendations chairman, will serve as moderator. National president of Alpha Chi Omega, Mrs. Darrell R. Nordwall of Tustin, Calif., will take part.

Others are Mrs. Howard Wittenberg, San Marino, Na-

### Teacher '65 On Radio January 16

A salute to the inauguration of President Lyndon Johnson will be made by Sam Soghomonian, social studies teacher, Elliot Junior High School, Pasadena Unified School District, and several of his students on Teacher '65, to be seen over KNBC, Saturday, January 16, 12:30 p.m.

The personalities and characteristics of various American presidents, from George Washington to John F. Kennedy, will be discussed by Mr. Soghomonian and members of his class. As president of the Pasadena Education Association, he will also speak about his responsibilities outside the classroom in promoting the cause of the teaching profession.

Arnold Pike, producer-host of Teacher '65, will also show exclusive films he took in the Rose Garden of the White House when he was invited to attend a press conference held by President Johnson. Among the film highlights will be interior scenes of the East, Green, Blue, and Red Rooms of the White House.

Teacher '65 is presented each week as a public service by the California Association-Southern Section.

### New Prexy C. of C.

"Music for Everyone," Jim Hall of Jined Richfield Service, Richard King of King Jewelers, Lola Rudback of Harry A. Lange & Associates. Former directors holding over in office are: Perry Arnold of Arnold Hardware, James Burke of Highland Liquors, Robert Green of Southern California Edison Co., Ralph Hurvit of Ralph's Shoe Store, Ben Wighman of Self Service Laundry and David Roess of Roess Market.

Retiring directors are: James Brown of Brown's Furniture, Don Jackson of Don Jackson's Store for Men, Ben Miller of Sierra Madre Paint and Wallpaper and Edwin Wessel of Wessel's Suburbia.

The annual chamber report showed a past year of sound financial strength, strong membership and a remarkable growth and development in Sierra Madre and surrounding community. President Thurston promised a year of vigorous activity and committee appointments to be announced in the near future. Doty Underwood will continue as manager - secretary of the Chamber, a position she has filled with distinction for a number of years. John H. Curtis was asked to continue as publicity director of the chamber.

Attend the Church of your choice this Sunday

### Leon S. Griswold Services Held Wed., Jan. 13

Leon S. Griswold, age 85, of Fifield Manor, Pasadena, passed away Saturday, January 9 in a Pasadena hospital.

Mr. Griswold was originally from Massachusetts, he had lived in California for 75 years, and in the Sierra Madre and Pasadena area for many years, he was employed as a clerk with the Southern Counties Gas Company.

He is survived by a nephew Lyndon Kistler of Los Angeles and a cousin, Miss Lucy Wheeler of Covina, Calif.

Services were held Wednesday, January 13, in the Ripple Mortuary Chapel with Christian Science rites. Committal was private, in Pasadena Mausoleum. Arrangements were made by Ripple Mortuary.

### Services Held For Mrs. Alice Robyns

Alice Robyns, long time Pasadena resident, passed away Friday evening, January 8 at the San Gabriel Community Hospital after a long illness. She was 78 years old.

Mrs. Robyns was formerly of New York City. Born in London, England, she came to this country as a young girl. Married in New York City, she and her late husband Julius moved to the Pasadena area in the middle 1940's.

Mrs. Robyns was long active in the Pasadena Branch of the Pioneer Women.

There are surviving three daughters, Mrs. Sylvia Stolzberg and Mrs. Raynor Pollock of Pasadena; Mrs. Annette Robyns Elson of Hollywood, and a son, Gilbert. She is also survived by five grandchildren.

Services were conducted Sunday, January 10,

### Dog Training Now Entering 16th Year

The Santa Anita Dog Training Group, now entering its sixteenth year at Arcadia County Park is starting new obedience training classes in both Arcadia and West Covina. These classes are not just for the problem dog as any dog needs and deserves an education - modern living requires it and the good-will of neighbors demands it.

There will be two new classes starting in Arcadia County Park - one on Saturday afternoon, January 16, at 1 p.m.; and one on Thursday evening, January 21, at 7 p.m. Any dog five months on up may be enrolled.

The new class in West Covina will start on Tuesday evening, January 20, at 8 p.m. For further information please call either HI 6-6888 or EL 6-1096.

## Start 1965 Right . . .

. . . in an apartment that is dignified and  
quiet. Quality begins with prime design in a  
good convenient location and succeeds with the  
builder's conscience. The Sierra Madre Town-  
house offers delightful privacy in a rich garden  
setting with all the features of higher priced  
apts. Fully soundproofed. Private patios, Therm-  
ador built-ins, air-conditioned. Filament nylon  
carpets, linen traverse drapes. We have a 1-  
bdrm. & a 2-bdrm. available at \$115 & \$135 mo.  
No lease required. Come to the corner apt. at N.  
Mountain Trail & E. Highland and see for your-  
self (you'll be glad you did).

## Subdividers Admit Error; To Pick Up \$3500 Tab

should their plan be given  
approval.  
Attorney Martin asked if  
they had come prepared to  
show the Council what this  
compromise plan consisted  
of, and received the answer  
that they had. Although the  
Appeal Hearing was on the  
original Tentative Tract  
map, the new Compromise  
was shown as to the extent  
the subdividers would ac-  
cept conditions if the Coun-  
cil saw fit to impose them.  
It was felt by many pre-  
sent that the Council gave

expressions of satisfaction,  
that finally they had arrived  
at a proposition that could  
be worked out to the satis-  
faction of all, however, real-  
izing that they were not a  
"planning agency" they  
asked the Subdividers if they  
would submit to a continua-  
tion of the hearing until the  
regular meeting of January  
26 for their decision, and in  
the interim allow the Tenta-  
tive Tract Map, and the  
Compromise suggestions to  
go before the Planning Com-  
mission at their regular  
meeting on Thursday, Jan-  
uary 21. The subdividers  
gave their wholehearted ap-  
proval that this decision was  
indeed the proper method to  
take.

## Neutzel Accepted

A long fought battle in  
the Neutzel property came  
to an end at this meeting,  
when final approval and  
acceptance of the more com-  
monly known Neutzel Tract  
was given by the City Coun-  
cil and with four conditions  
was given the green light to  
proceed with selling, pre-  
sentation of building plans  
and application for building  
permits and actual construc-  
tion.

This area has been under  
fire for more than three  
years, first starting as mul-  
tiple units, or Apartment  
Houses which was rejected  
by the Council in the spring  
of 1962, then the presenting  
of Tentative Tract maps on  
a 61-unit R-1 subdivision.  
The acceptance of the Final  
Tract Map, floods, com-  
plaints, pain and heart-  
aches, the final approval  
was given to proceed when  
an acceptable 5-year bond is  
presented to protect the  
compaction of the Hupfield  
property, a 2-year bond for  
stability of the water line  
trenches; that the debris be  
cleaned up behind lots 51-

52-53 to the arbitrary ac-  
ceptance of the mayor and  
that a bond be presented  
and approved that all inner  
slopes be planted and pro-  
vided with sprinklers with-  
in a period not to exceed  
18-months, or if necessary  
upon 30-day notice by the  
Council, and already sold  
lots to be planted and  
sprinklers installed by June  
1. The Subdividers are ready  
for construction on five ap-  
proved building permits and  
have five more in the plan-  
ning stages. Ten lots in all  
have been sold. It was esti-  
mated that all opposition  
would be removed in the 4-  
presented conditions by the  
subdividers by Wednesday,  
January 13.

Other business completed  
was the holding over of the  
Health Code for hearing un-  
til February 9th meeting.  
Accepting the bid of the  
Sully Miller Company for  
maintenance paving in the  
amount of \$6,994.30 and re-  
ceiving and ordering filed  
such actions from other  
agencies so received, and  
the calling of adjournment  
until 7 p.m. January 26 for  
a Personnel meeting to con-  
sider filling the open ap-  
pointment on the Planning  
Commission.

## To Give Talk

A talk on bromiads and  
out of the ordinary  
bulbs will be presented to  
the Hastings Ranch Garden  
Club at its January 26 meet-  
ing by Mr. J. N. Gredlian,  
owner of the Oakhurst Gar-  
dens of Arcadia. The des-  
ert-meeting will be held at  
the home of Mrs. Santo Jan-  
degian, 3715 Hampton Road,  
at noon. Mrs. Robert Wright  
will be the co-hostess.

### Silver Tea For Alumnae of Sigma Alpha Lota

A silver anniversary tea will be held at the home of Mary Lehigh, 2536 S. Oak Knoll, San Marino, commemorating the 25th anniversary of the founding of the Pasadena Alumnae Chapter of Sigma Alpha Lota, national professional music fraternity for women, on Sunday afternoon, January 17, at 2 p.m.

The charter members and past presidents will be honored, and in the receiving line will be the national president, Mrs. James G. Kirk; national secretary, Myrla Smith; and Delta Province president, Mrs. James Scranton, and Florence Jolley, of Hollywood.

Highlighting this significant occasion will be a choral setting of the Sigma Alpha Lota Symphony, written by Florence Jolley especially for this event to commemorate the founding of the Pasadena Alumnae Chapter. This will be sung by the Chapter Chorus, as well as a group of songs by contemporary American composers, directed by Mrs. James Lowe of Pasadena, with Marilyn Miller as accompanist.

The program will also feature Mary Lehigh at the piano, playing the Cesar Franck "Symphonic Variations," and flute solos will be given by Marilyn Michalsky. Concluding the program will be a string quartet composed of Lois Helvey, Josie Dapar, and June Smith. Guests are cordially invited and a special invitation is extended to all Alumnae Chapter members in the Delta Province.

Help! Help! Help! I'm beginning to get those symptoms again. With the holiday pressures behind and the trimmings out of the house I have been cleaning as if I might never see another dawn. And now my family is trembling on the vine as I look around the house with a jaundiced eye trying to decide WHAT to improve. Now improvements are great, but I always say we should have togetherness when I get into this frame of mind so the whole group gets involved.

The kids are getting smarter though, I must admit. I've noticed the last few days they have been going around smiling and saying how nice everything looks and the house is just the way they like it. Subversive, but cute . . . I haven't thought of any better strategy to draw them into the fray, but I'm thinking on it. I'll outwit them yet — it is such fun to paint!

Our neighborhood suffered a grave loss when Mr. and Mrs. John W. Park moved from their Villa Rica home to Corona Del Mar with their nine children. They have bought a big home just two doors away from the ocean side road overlooking the bay. Chances are they will see more of their local friends this summer than they care to; I know the children have been lavish with their invitations to come visit them. (My two daughters already have their bags packed and ready to accept their generous offer). For your files, their new address is as follows: Mr. and Mrs. John W. Park, 209 Narcissus, Corona Del Mar, California.

Before their departure my daughter Sherri and Janet Mazzola gave Susie a surprise going away dinner party. The guests all brought little gag gifts. The highlight of the evening was provided by the "Dominators" and their compelling music, namely Dave St. John on the drums and Russ Laufer and Greg White with electric guitars. The girls were in a tizzy over the music and I was too!!!

The guest list included Nancy Park, Sandy Marchand, Denise Moore, Pat Yu-

has, Pat Burke, Geri Montooth, Betty Holstein, Lillian Brown, Anne Crawford, Nancy Rowe, Jill Winnen, Franci Malone, Elise Monroe, Mary Bennett, Jeanne Moser, Mary Keese, Beth Eckhart, and Debbie Hartranft.

Mr. and Mrs. Elmer Mueller of Arcadia gave their children and grandchildren a memory that will last all of their lives. For their Christmas present the Mullers asked their son and family, Dr. and Mrs. Robert Mueller with Stevo and Melissa, and their daughter and family, Lt. Colonel and Mrs. Thomas Taylor with Kathy and Philip, to be their guests for two weeks in Wakiki, Hawaii. They Taylor are stationed in New Jersey so they made the first leg of their trip to California where they all met.

The senior Muellers even went so far as to take Christmas ornaments and lights over to the islands to decorate the rooms for Christmas to surprise the children. (There wasn't a Christmas tree to be had on the island by the time they arrived). They all stayed at the Halekulani Hotel. The senior Muellers had a private room and the two families occupied a four bedroom suite. From their enthusiastic comments about the trip it was all and more than any of them ever dreamed it could be. The weather was even cooperating as it was perfect almost every day for swimming and surfing. It was truly a wonderful Christmas for them all.

The lure of the snow beckoned Mr. and Mrs. Kenneth Christanson and their two children, Kim and Kip. They spent their vacation time on the slopes of Sun Valley learning to ski. Anyone who has been to Sun Valley knows without my saying the enjoyment that everyone experiences. Peg said that one of the outstanding events occurred on Christmas eve when the skiers came down "Dollar" with lighted torches. The other was going to Christmas services in the cold blue light of early morning before the sun came out. She said they had never felt closer to God than they did at that service. They met lots of interesting people and no one had any mishaps during their two week stay.

The new year starts out with a couple of firsts for the Joe Koertgen family. This will be the first time that they will go by the name of the Joe Kurn family. For business reasons they decided to legally adopt an easier name.

Their second "First" and possibly most exciting is the opening of their new ice cream shop, the "A La Mode" located just west of Dow Hi-Pl on Colorado Boulevard. If you are in that area, or even if you are not, you would do yourself a favor to drop in and visit their unique parlor. It is charming.

Mr. and Mrs. Bob Snettinger of Old House Road took their three children to Las Vegas for New Years eve. They had pre-arranged with other members of their family and made very early reservations in order to accomplish their rendezvous. They were house in the ex-

## B of A Business Profits Show Sharp Increases

Bank of America registered record earnings in 1964.

Net operating earnings increased to \$99,625,233, or \$3.50 per share on the 28,480,000 shares outstanding. This compares with \$90,508,827 or \$3.18 per share earned during 1963.

"Continued gains in overall business activity helped us ring up further increases in loans, deposits and resources," said President Rudolph A. Peterson in releasing the bank's year-end figures.

Loans outstanding stood at \$9,221,083,111 as against \$8,365,413,120 a year ago, an increase of \$855,669,991.

ecutive suites of the with three-two bedroom apartments. The rest of the party included Mr. and Mrs. John Lobas, Mr. and Mrs. John Mitchell, and Mr. and Mrs. Bill Ernst from Walnut Creek. Comment: IT WAS COLD!

The Kinneloa Canyon Club had a real treat at their January meeting. Mr. Hardenbrook of the Delta Airlines came out and addressed them and showed films on Jamaica with interesting comments and travel tips. The meeting was held at the home of Mrs. Dean B. Cleary with Mrs. Roy Hoffman co-hostessing.

Deposits rose to \$14,000,122,847, an increase of \$757,617,222 during the year.

Total resources climbed to \$15,498,892,008, an increase of \$905,040,549.

At year-end the bank operated 871 branches throughout California. Overseas, in 1964 the bank opened five new foreign branches. The bank's international network now includes 27 overseas branches, 12 representative offices and interests in banks and other financial institutions on 22 countries.

"Recognizing the potential for increased earnings from our international operations, the bank will continue to emphasize global expansion," President Peterson observed.

Investments in securities now aggregate \$3,197,948,529, as compared with \$3,192,475,035 last year.

Transactions in securities yielded a net profit of \$1,205,895. Provision for reserves amounted to \$12,263,000, after resulting tax credit, leaving \$88,568,128 available for dividends and addition to capital funds.

Dividends totaling \$56,960,000 were paid to more than 200,000 shareholders at the annual rate of \$2 per share.

Capital funds of \$859,788,887, together with reserve for possible loan losses of \$161,734,653, increased \$40,139,434, and now total over \$1 billion.

## Musical Comedy For Shakespeares

"Anything Goes," a musical comedy with music by Cole Porter, will be presented to the Shakespeare Club Juniors in script form at their annual pre-cast party to be held on January 16 in a restaurant in Arcadia.

Mrs. Joseph A. Plamondon, chairman of the drama committee announced that any member or member's husband interested in working as a cast or crew member is urged to attend.

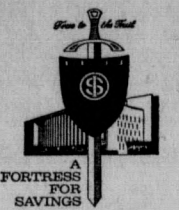

The banquet room has been reserved for 8:30 p.m. and from then on it will be fun and dancing with a live band, and the big news about the review to be presented March 19 and 20. The musical comedy will be directed by Stan Zalas who is affiliated with the Pasadena Playhouse.

Vice chairmen of the drama committee will serve as the following committee heads: Mrs. Robert A. Martin Jr., sets and props; Mrs. Barry K. Williams, costumes; Mrs. Kenneth Griffin, tickets, and Mrs. David W. Stubbs, programs.

Tryouts for parts in "Anything Goes" will be held at Stratford House on January 19, 20 and 21 at 7:30 p.m.

Defensive driving will always pay. Drive carefully — children should be seen and not hurt.

Capital funds of \$859,788,887, together with reserve for possible loan losses of \$161,734,653, increased \$40,139,434, and now total over \$1 billion.

## Bethany

Dr. Robert N. Schaper, pastor of Bethany Church, 93 N. Baldwin in Sierra Madre, will present a message based on the first chapter of the Book of Hebrews this coming Sunday, January 17, at 11 a.m. The message, entitled, "Better Than the Angels," is the second in a new series on this very interesting Bible book. The messages are tape recorded, as are all of the Pastor's sermons, and copies are available for listening. On Sunday evening at the 7 p.m. service, Pastor Schaper will conclude his visualized messages on his recent world trip which he and his wife, Margaret, took last fall.

The Ministerial Staff at the church will host the January meeting of Pasadena Association of Evangelicals Chapter at noon on Thursday, January 14. The Association, with a membership of over 80 is made up of ministers, professors, youth workers and specialized service ministers, located in the greater Pasadena area. It is part of the national Association of Evangelicals whose membership is over ten million. Dr. Warren Thompson of the Pasadena Christian Missionary

## Church Notes

Alliance Church is the president of the local chapter. The speaker will be Dr. Richard Halverson, pastor of the Fourth Presbyterian Church of Washington, D.C. The annual business meeting of the church will take place on Friday evening, January 22, at 7:30. Mr. John Bush, moderator of the congregation will preside at the meeting. Beside the usual business of annual reports, the congregation will make a major decision regarding an expansion program for the youth of the church. Building plans are being submitted to the City Planning Commission for approval.  
Bethany Church is now in its forty-fifth year of ministry to Sierra Madre and the community. A completely graded program for Bible study is one of the major emphasis provided by the congregation throughout the year. Information regarding the church and the services may be obtained by calling 355-1409. A cordial welcome awaits the visitor.

## Lesson-Sermon For Sunday Told

The way in which immortality of life becomes a reality for every individual will be explored in the Lesson-Sermon at all Christian Science churches this Sunday. The subject is "Life," and it is keynoted by the Golden Text from Galatians (6:8): "He that soweth to the Spirit shall of the Spirit reap life everlasting."  
The theme is amplified by this passage from the Christian Science text book: "Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 492).

## Your Inner Stability

"The Santa Anita Church and You" is the lesson-sermon topic of Dr. Ethel Barnhart, minister, at The Santa Anita Church, 226 W. Colorado Boulevard, Arcadia, Sunday, January 17, at both the 9 a.m. Family Worship Service and the 11 a.m. worship service. This subject is part of the presentation during the month of January of the teachings of The Santa Anita Church, a non-denominational church, and its place in the lives of men. The theme will be The Santa Anita Church meeting the daily needs of man in a contemporary world.

As part of our Religious Education program all youth worship with their parents for the first 15 minutes of the 9 a.m. service. After a youth sermonette by Dr. Barnhart, they go to their various graded groups conducted by dedicated and qualified teachers.

Dr. Gina Cerminara, noted author, lecturer, teacher and outstanding authority in general semantics, will speak Thursday evening, January 28, at 8 p.m. Her subject is "Language — A Tool For Better Human Relationships." The women of the Santa Anita Church, sponsoring Dr. Cerminara, cordially invites the public. A free-will donation will be received.

Spiritual help is present for you as you Dial-for-Prayer, day or night, Hillcrest 7-6162.

Arcadia HI 6-8206

## Sabbath Eve At Jewish Temple

Sabbath Eve services at the Foothill Jewish Temple-Center, 550 S. Second Avenue, Arcadia, will be held on Friday evening at 8:15 p.m.

Rabbi Max R. Wasser will officiate and his sermon subject will be "Exodus." Cantor Salomon Edelman will chant the liturgy of the service, accompanied by the Temple Choir under the direction of Mr. Philip Deutchman.

The prayer over the Sabbath lights will be offered by Mrs. Leon Levinson.

Following the worship, an Oneg Shabbat (Sabbath hour of Fellowship) will be held in the social hall, hosted by Mr. and Mrs. Alan Greene, Mr. and Mrs. Eddie Schwartz, Mr. and Mrs. Manuel Weiss and Mr. and Mrs. Leon Levinson.  
Sabbath morning services will be held at the Temple on Saturday morning, beginning at 9:30 a.m.

## Lists Sermon For Sunday, Jan. 17

"How the Gospel Came to Us" will be the sermon theme of the Rev. Armin Hesse in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. This pulpit message has been selected to precede the Epiphany Evangelism Festival which the congregation will observe on Sunday, January 24.

Holy Baptism will be administered in the service. The Senior Choir, directed by Elgar Plischke, will sing "Built on the Rock" as arranged by F. Melius Christensen. The Sunday school departments will meet at 9:15.

Next Thursday the Board of Christian Education will have as its guest Professor Walter M. Reiner, director of the Youth Leadership Training program at Valparaiso University in Valparaiso, Indiana.

The director will meet with the church board relative to the congregation's recent decision to engage a full-time experienced man as Minister of Education and Youth.

## Mormons To Work

Next Saturday the Fullerton and Whittier groups intend to work from Orchard Camp to the top while the South Gate group works the trail over from Orchard Camp down.

Much credit should be given to these sincere and hard working people. They are making a dream come true. Without them the Old Mt. Wilson Trail might never have been completed.

The real Bargains are found in the Classified Ads

## SIERRA MADRE NEWS—9

## Senior Citizens

deferment of the taxes until the property is transferred. The State would retain a lien for the unpaid taxes, but would reimburse the local jurisdiction from pension funds now in existence.

The third program provides a straight tax exemption for Senior Citizens based on age and income, but this approach tends to weaken the local property tax base.

Neivins, addressing the Senior Citizens Association of Los Angeles County at the Philharmonic auditorium, reiterated that this problem is becoming increasingly acute and that the Legislature is considering these programs in an effort to keep the elderly in their own homes if at all possible.

## Letters To the Editor . . .

I may not believe to what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire) to my death his right to say it.—(similar words of Voltaire)

So much smear is being propagated against the Right, that there isn't enough space to print what's behind or affixed to the Left!

So please, for a little space, some of your readers and then some, might appreciate reading the following, which after all, having been said by a leading spokesman for the Communist Party in the USA, CANNOT accurately be called ultra Rightism!

"There is a sense of its own logic that a progressive movement takes, therefore it is not clear, there is no other path through which the Left can fight for its goals except as a part of the broad people's struggles.

"The very same people who now fight for reforms are the same people who will say, 'Let's go one step further — a step to Socialism.' What sense would it make for us to separate ourselves from these people. Without this kind of an approach, the Left becomes boxed in. 'We are going to do all we

can to build the broad people's movement against the ultra-Right. Our party will join all democratic forces to defeat the ultra-Right Goldwater coalition, which at the same time, we will not endorse the Presidential candidate of the Democratic Party. We are going to join in the fight for any candidate who stands with the people on the issues of confrontation. Whenever possible we are going to run LOCAL Communist candidates. The campaign of Comrade Bill Taylor for supervisor in L.A. County is a clear demonstration of the possibilities for such candidates. We are Communists — and we are also a part of the political Left. So we work to unite the Left and with it become a part of the force of initiators."

Thank you for printing this.

## FLOURNOY REPORT

by Assemblyman Houston I. Flournoy

Because of the high rate of unemployment during the last couple of years in California, one of the more urgent problems facing the legislature this year is the precarious condition and financing of the Unemployment Insurance Program. Even the present high rate of employer contribution — designed to overcome temporary declines in the fund's reserves — has not produced sufficient revenue to offset the current rate of benefit payments. As a result, the solvency of the fund is in jeopardy.

Normally, the legislature would have two general alternatives:

1) Increase the employer's contribution rate.  
2) Alter eligibility requirements and benefits to reduce expenses of the program.

Either choice involves political consequences. The first raises the ire of the California businessman because it increases his already substantial maximum contribution of 3.5 per cent of his total payroll. The second alternative raises the opposition of labor unions because it might reduce the number of persons eligible for benefits as well as the amount of payments.

To bypass this dilemma, a proposal has been put forth by the Assembly Committee on Finance and Insurance, recommending that all state, county, city, special district and non-profit corporation employees in California be covered by unemployment insurance.

This plan would bring \$70

million into the fund in a year like 1964. At the same time, since the rate of unemployment in public service is comparatively very low, the estimated annual payout cost of insuring these new members would be only \$24 million.

Interestingly enough, this new coverage isn't the result of any efforts of the state employees to obtain unemployment protection. The California State Employees Association is actively opposed to coverage. However, the great merit of the proposal, to some of its advocates, is that it would temporarily resolve the financial difficulties of the Unemployment Insurance Fund without antagonizing directly either unions or employers. Indeed, it may even produce sufficient temporary revenue to raise the allowable maximum benefit by \$10 and extend coverage to agricultural workers, as recommended by the governor in his January 5 message to the legislature.

Unfortunately, the proposal doesn't answer the real problem of the program: its essential insolvency. The revenue gained by this proposal would expire after five years, as soon as unemployment experienced reduced the size of contributions of these newly covered public and non-profit employees. In effect, it would only add costs to state and local governments where there is little need for unemployment insurance coverage, and merely postpone the day of reckoning.

In my opinion, the legislature could better solve the problem by risking the political consequences and restoring the Unemployment Insurance Program to its original purpose: to provide insurance payments for those persons who find themselves unemployed through no fault of their own, persons who are permanently part of the labor force and who are ready, able and willing to work. Such a change would not only restore the basic moral integrity of the program but would insure its return to solvency.

## Legislation To Modify Law Of Smog Device To Be Made

Legislation to ease the financial burden of smog device requirements on owners of used cars will be introduced within the next several weeks by state Senator Thomas M. Rees, D-Los Angeles County.

Sen. Rees said he will also introduce legislation to centralize and coordinate the administration and enforcement of state laws aimed at lessening air pollution.

In a statement he released, Sen. Rees said, "There are two areas in our laws dealing with automobile pollution which need immediate clarification. First is the requirement of smog devices on used cars. Second is the confusing lack of central responsibility in terms of California's air pollution control program."

"Under present law, the Motor Vehicle Pollution Control Board, appointed by the governor, has the duty to approve devices designed to cut down on motor vehicle pollution.

"There are two sources of automobile pollution. The exhaust system accounts for 60 per cent of automobile pollution emissions while 30 per cent of the emissions are vented directly from the engine crankcase.

The Control Board has approved several effective crankcase devices which have, by law, been installed on all new cars sold in California since 1961. The law further requires that all California cars, new and used, have crankcase pollution control devices installed by December, 1965.

"I will introduce legislation which will modify the law to provide that all used cars not already equipped with a crankcase device can remain unequipped until the car is sold or traded. When an unequipped car is to be sold or traded, the owner must first install a crankcase pollution control device.

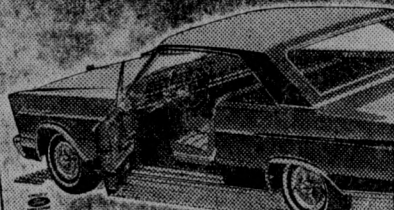

"The Control Board has yet to recommend exhaust pollution control devices for used cars. These more complicated and more expensive devices will be included on most 1966 new cars, however. When an exhaust device is approved for used cars, I again think installation should not be required until the used car is put up for sale or trade.

"We have to weigh our automobile pollution control program against its convenience and cost to the public. I am fully of the belief that easing the requirement for used car smog devices will lift a great burden from the shoulders of the public. With new car sales at all time highs, this easing of used car smog device requirements will scarcely effect the battle against air pollution. By mere attrition new cars with crankcase and exhaust control devices coming into the market by the hundreds of thousands will soon be in the majority on our streets and highways.

"As to developing strong central responsibility for administration of laws aimed at reducing automobile air pollution, just look at who now has their hands in the picture: Air Pollution Control Board, State Department of Public Health, California Highway Patrol, and the Department of Motor Vehicles. A recent unnecessarily confusing mailing by the Department of Motor Vehicles points up the need for strong leadership and responsibility in this fight for pure air. The matter, supposedly explaining air pollution laws, was so confusing that many citizens thought the author must have been the same individual who writes explanations for November ballot propositions."

The 1965 Ford rides quieter than a Rolls-Royce...

...and has an open door policy for skeptics

The world's leading acoustical experts made the U. S. Auto Club certify the results: at 20 mph... at 40 mph... at 60 mph...

The 1965 rides quieter than a Rolls-Royce...

...and quieter than Rolls-Royce?

"Dammit, sir! Those upstart American car-makers don't know their place..."

—London Daily Mirror, October 26, 1964

"Stalder" (the way they had taken a test drive in the new Ford) "For years, said the London Daily Mirror, Rolls-Royce has been the 'gold standard' of quietness in the car world. They pointed out that 'newest car' by a firm of acoustical consultants had shown that at 60 mph the new Ford was 2.5 decibels quieter than a Rolls-Royce."

Ford may not match all the luxury of a Rolls-Royce, but you do get the luxury of quiet. And quiet is dramatic evidence of strength, quality and quality in a car.

See you go to Ford! The One That Rides Quiet!

...and now let's talk about some other Ford surprises...

Test-drive a Ford—and you're in for some surprises. Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines rode quieter than a Rolls-Royce. These tests were certified by the U. S. Auto Club.

When you feel a 1965 Ford in action—with the strongest Ford body ever... a revolutionary new frame that "tunes out" vibration... new ultrasoft coil spring suspension—you're bound to be impressed. But the ride is only one of Ford's surprises...

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower for extra foot room. ■ Trunk has more usable space than ever—holds four 2-suiters standing upright. ■ Handy new "reversible" ignition key—works either side up. ■ Hot,

but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models. ■ Smooth, thrifty all-new Big Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have three speeds, not two as in some competing cars. Result: you pass faster, shift smoother, save on gas. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears. ■ New Ford LTD 4-door hardtops have 10 courtesy lights, 5 ash trays. Upholstery treated to keep its beauty with Scotchgard® stain repellent. ■ Luxuries you'd expect only in the highest priced cars.

Surprised? You will be...when you visit your Ford Dealer and test-drive the Quiet One. Do it soon!

## Mayor Urges Plans Considered

### Elementary School Menu

**JANUARY 18 - 22**  
Monday — Beef vegetable stew, cheese cube, cole slaw, pear, peanut butter cake, bread and butter.  
Tuesday — Hamburgers and fixings, dill slices, lettuce leaf, buttered corn, apple crisp.  
Wednesday — Chili beans, spinach, banana, ice cream cup, corn bread and butter.  
Thursday — Creamed turkey over mashed potatoes, buttered carrots, celery sticks, jello cubes, baking powder yeast biscuits.  
Friday — Tuna and noodles, peas, pineapple and cottage cheese salad, homemade cherry cobbler, peanut butter sandwich.

Each lunch must contain one third quart of milk and two teaspoons of butter.

## Joint Session Reveals Hill Development Plan

The Sierra Madre City Council and the Sierra Madre Planning Commission met in joint session, Thursday, January 7, in the Council Chambers, to discuss the development of the Hillside area. A moratorium has been in effect, freezing all building and subdividing, pending the completion of a study of the area by the Planning Associates, hired by the city at a cost of \$3,500, to prepare a land planning study of the 42 acre tract north of Baldwin, to serve as a guide in the future development of this area, with the safety of all, and as attractively as possible, to benefit all concerned.

The Planning Associates' proposed development of the Willis property provides for

41 single-family residences; two town houses, one 10 units and the other 16; and two luxury type multiple dwellings containing a total of 56 units.

The proposal, described as "revolutionary" by Mayor Severin Sorensen, provides for 35,000 cubic yards of excavation compared to 700,000 cubic yards in the McNulty plan for the area.

Maximum grade on the streets would be 14 per cent. The roads would be 35 to 40 feet wide and a debris basin would prevent flood hazards, said Rex Lotery, who made the presentation for Planning Associates.

The R-1 lots would have a minimum width of 70 feet, with the average lot size 12,000 square feet. The plan provides for an open space to be left in its natural state. It could either be maintained by a homeowners association, turned over to the city as a park, or maintained by an assessment district established by the city.

Expressions of opposition to apartments or multiple dwellings in the area were heard from the audience and were loudly applauded.

Mel Bowman, Sierra Madre land developer, produced his plan for 60 acres, which would provide for 117 single-family residences and no multiples. He claimed no flood hazards would be involved in his plan, since 80 per cent of the property would be flat ground.

Mayor Sorensen urged residents to consider the plans carefully and give the Planning Commission their reactions. The Planning Commission is expected to make a recommendation to the council in the near future.

## Medical Women Meet January 18

Pasadena members of the Women's Auxiliary to the Los Angeles County Medical Association will meet Monday, January 18 at 11:30 a.m. at the home of Dr. and Mrs. George C. Griffith in La Canada for luncheon and a program on interior design. Mrs. Homer Pheasant, social activities chairman, has arranged the details for the meeting and will be assisted by Mrs. William MacPherson and Mrs. Edward Oberer.

Mrs. John Kieffer, program chairman, will present Miss Margorie Bedell, interior designer for Cannell and Chaffin, who will discuss "Trends in Decorating." Miss Bedell, member of AID, will show fabric wallpapers and floor coverings currently being used by interior designers. Miss Bedell will present slides to illustrate the variety of style and color used today in decorating private homes and apartments in the greater Los Angeles area. Miss Bedell will be assisted by Mr. Dennis Murphy, director of public relations for Cannell and Chaffin. Guests will be encouraged to ask the consultants for possible solutions to their specific interior design problems.

Mrs. Fordyce Johnson, president, will conduct a short business meeting and will announce the Doctors' Symphony Program to be held in the Pavilion of the Music Center on March 20.

### City's Share

Motor vehicle license fee apportionment given Sierra Madre for the period of June 1, 1964 through November 30, 1964, was noted this week to be \$5,288.75 based upon a population accounting of 11,300.

## Letters To The Editor Show Deep Feelings ..

Dear Editor:  
Congratulations, along with other readers on the excellent standard of your newspaper. The numerous awards and plaques which have been given to you and your staff during the years are obviously well deserved.

Van Dykes' suggestions to you, boil down to a pathetic plea to forsake this excellent standard of reporting in order to favor the liberals. (And their controlled news, comment mine.)

It reminded me of the worn-out propaganda phrase, "If you can't lick 'em, join 'em."

Smoking peace-pipes and collaborating are some of the means of persuasion used by the little talent spotters.

Van Dyke says "V.D." also stands for "Verus Democracy," according to his spruced up edition of Webster's dictionary.

The Republican Party platform today is not what he wants. Van Dyke has referred to his discomfort many times. That leaves the following forms of government as universally recognized since the time of Plato: they are anarchy, a republic, monarchy, oligarchy. Which is it Ellerbrook?

Changing the Republican Party platform, etc., in the future to suit the appetite of the liberal thinkers would not bring unity. Ellerbrook should be honest enough to write that.

Liberal thinkers (and I'm being exceptionally nice to call them that) in the Republican Party are with their tongue in cheek, while busily trying to destroy it. And don't let those "peace-pipes" fool you! (Casualties in Viet Nam, if they could talk, could tell you more about peace pipes).

I would appreciate a reply (omitting the extremist label, as a reply, please) as to Ellerbrook's choice of government as stated in this letter, to be answered in his Ventilation column.

—R. dePROSSE

Dear Editor:

Trust you caught the Old Arranger's version of the State of the Union. Government pills for the elderly (pink—no doubt), forced integration whether or not the colored people want it, compulsory unionism for all, government controlled education, poverty payments for the asking, two beagles in every backyard, Playboy in every family

room and gracious me, the DREADFUL tongue lashing for the commies.

Was I impressed!

And all this time I thought the real state of our Republic consisted of a socialist vice president, a communist-loving Supreme Court, violence in our streets, immorality most everywhere, noodle-headed do-gooders in our schools and churches, bootlicking in the UN, abject indecision and surrender in Viet Nam, Cuba and you name where else, pinko oriented TV, radio and press, a Roman orgy sense of values, racial hatred directly brought about through legislation by liberals (motivated purely to buy votes), and worst of all—absolute, total, deadly, grinding apathy by our citizens.

Gosh, Lyndon, thanks a pile for setting us straight! After all, our freedom is such a pittance to pay for your munificence.

—STIFBAK

P.S. Did you see that fanciful Planned Development they got in mind for the Willis property? Only cost us \$3,500. For that kind of money but I could work up a schematic for an elegant swill-slopped hog farm on the same 42 acres.

EDITOR'S NOTE: Yep, I saw the plan... now that the taxpayers have spent \$3500 and \$500 on the emergency R-3 Ordinance where do we go from here? Of course we did not spend \$1,000 for the already built model that was attempted, but unless something is done about the R-3 ordinance the taxpayers will spend another \$300 to make it permanent and this leaves \$700 for the next venture of Mr. Poolman... The months ahead should be interesting, don't you think?

Dear Editor:  
Our thanks to you.

On life's busy thoroughfares we meet with angels unawares

I've never seen God, but I know how I feel... It's people like you Who make him "so real"

My God is no stranger, he's friendly and gay And He doesn't ask me To weep when I pray... It seems that I pass Him so often each day In the faces of people I meet on my way... He's the stars in the Heaven,

A smile on some face, A leaf on a tree or a rose in a vase... He's winter and autumn And summer and spring In short, God is every real wonderful thing... I wish I might meet Him Much more than I do I would if there were more people like you. For your willingness and

interest to publish our school news.

Foothill Association

The Foothill Area Association will have its quarterly meeting, Monday, January 18, to be held in the City Hall, Sierra Madre. A progress report on the board meeting will be given by the president.

Attend the Church of Your Choice this Sunday

Thursday, Jan. 14, 1965 SIERRA MADRE NEWS—13

### News From Your... COMMUNITY HOSPITAL

... Sierra Madre

A medical patient during the past week in Sierra Madre Community Hospital was Lee Graves who resides at 61½ Windsor Lane, Sierra Madre. On Friday he had recovered sufficiently to return to his home.

Thursday, January 7, at Sierra Madre Community Hospital. Her weight was recorded as 8 pounds 9 ounces.

### Crib Crop

Mr. and Mrs. James T. Talbot of 3705 Cartwright, Pasadena, very proudly announced the birth of Master Thomas Stanwood on December 19. Little "Tommy" weighed a husky 9 pounds 14 ounces when he arrived at Huntington Memorial Hospital.

Mighty happy to have a new brother at their house are Susan, 5 years old, and Amy, 16 months. Their maternal grandparents are Mr. and Mrs. Stanwood Ivers Williams of Pasadena, and the paternal grandparents are Mr. and Mrs. Harry Breckwedel, Jr., of Corona Del Mar.

Scott Donald is the very welcome newcomer at the home of Mr. and Mrs. Arthur Beggs of 514 E. Montecito, Sierra Madre. Scott weighed 7 pounds 11 ounces and was 20 inches long when he was born at Saint Luke Hospital on January 2.

The Beggs are also the parents of David, 2½ years old. The proud grandparents are Mr. and Mrs. Arthur Beggs, Sr., of Sierra Madre, and Mr. and Mrs. Frank Marsh of Pasadena.

At Convention Donald W. McCormack will attend the 69th annual meeting of the University of California Dental Alumni Association which convenes in San Francisco January 17.

# Editorially Speaking....

## Small, But Not Lost!

With the present rate of the "population explosion" continuing, as all indication tend to prove, and the resulting mushrooming of housing tract, high rise apartment and etc. it is time to take a look at ourselves.

There can be no doubt in anyone's mind that Sierra Madre soon will be, if it is not already, almost lost in the megapolis that Southern California is developing into. However, we must at no time lose our identity and be thought of as just "another town" in the large mass of humanity in the three southern counties.

We can retain our individuality only by holding on to those ideals and characteristics which make us outstanding and out of the ordinary, not just a "city on the side of the hill." Our civic pride should not let us for one minute forget that which we sought when we first came to this community, the friendly attitude of the people; the fine civic organizations that carry on traditional work, seemingly reserved for them; the shop keepers that know us by our first name; our community projects like the Rose Tournament Parade float, and many, many others.

These traits are worth any effort that is put into preserving them and it is up to us, as individuals, to assume our "community responsibility" to see that they survive this overwhelming "bigness" that surrounds us.

The Sierra Madre Civic Club has just had to relent on one of its traditions of providing the sums to keep to "Toy Loan" in operation by its own money raising efforts. The membership of the club has dropped off to such a point that it was impossible for the club to carry the load. The Sierra Madre Volunteer Fire Department has begun to feel the pinch of a loss of membership through the oldsters dropping out and no new blood coming along to take their place. Other local groups are finding the same problem and it is just these sort of groups that tend to set us apart from the mass.

We should retain our "small town" friendliness and support the organizations, institutions and businesses that provide the "drive" for those things that are worthwhile. We like to consider ourselves among the necessities.

We have always felt that people must take some pride when their town can support its own weekly paper, even though they may not necessarily agree with its policies. It is indeed a small town with "small" people that can not provide the field for a successful weekly paper operation.

Every member of the community who is "worth his salt" should investigate all community activities to find at least one where he will fit in. There are organizations of every description hereabouts and all of them are worth looking into before burying your head in the sand and saying, "They don't want me."

## It Sounds Reasonable

On a recent television program, "Your Right to Say It," Walter Bouldin, ex-president of Edison Electric Institute, told a Chicago audience some facts about the Rural Electrification Administration and the Tennessee Valley Authority.

Mr. Bouldin exposed the manner in which customers of the rural electric cooperatives TVA and other government electric power facilities escape their share of taxation. He suggested that customers of TVA, the co-ops and other government systems "pay an equivalent in their electric bills for what they have taken away from the taxpayer."

"The government power customer ought to pay the same support for his government in his electric bills that our customers pay... We are advocating that the law be changed to make these government power agencies subject to income taxes as we are.

"The one area in which REA is now operating which is totally unjustified, in my opinion, is in lending money to build generating plants to generate electricity and transmit it. This is totally unnecessary because our industry is standing there with the generating plants and the transmission lines to furnish the service which these plants that are being built by REA propose to serve.

"When you take the taxpayers' money and put it into an REA generating plant, then what the government is doing is using its own money to destroy its own tax revenues which doesn't make any sense at all."

One of our national goals should be to get government out of business and keep it out. Short of that, every government-owned or financed business enterprise should operate on precisely the same tax basis as comparable private enterprise.

## Public Interest At Stake

It isn't always clear to the individual user of natural gas how federal power commission decisions on the importation of gas to large utility and public agency consumers could affect their gas bills. That it does is well stated by the Sacramento Bee in an editorial comment on current FPC hearings on a proposal for a special pipeline to supply Southern California Edison and the Los Angeles Department of Water and Power. Says the Bee:

"The matter is important to all gas users. Utilities supplying the general public rely on so-called interruptible customers, such as power companies, to take up the gas surplus in the summer months and then return to oil for their furnaces when the demand is heavy in the winter for home heating.

"This tends to even out the flow of gas and to eliminate large seasonal fluctuations which otherwise would occur. Naturally, if these interruptible customers were to be supplied from other sources there would be disruption of the efficient operation which probably could cause an increase in prices to the general customer."

In the case under study, utilities experts have estimated that increase would over 20 years be \$300 million in Southern California. We agree with the Bee that in considering the pipeline application the FPC "should look at the total picture and note the effect the proposed line would have upon the whole gas industry and upon all gas customers."

And we certainly echo the Bee's admonition, "The public welfare should come first."

## Sierra Madre News

Published every Thursday at 9 Kersting Court, Sierra Madre California, Los Angeles County, Post Office Box 37, Telephone RM 5-3242 or 5-3243.  
The Sierra Madre News, Official Newspaper of the City of Sierra Madre is declared a Newspaper of General Circulation for the publication of legal notices, as defined by Section 4460 of the Political Code of the State of California, in the Superior Court of Los Angeles County August 19, 1936. Adjudication Decree Number, 404,764.  
A First Class Newspaper entered as Second Class Matter at Sierra Madre Post Office October 2, 1906, under Act of Congress of March 3rd, 1879.

R. Robert Evans  
Peggy L. Evans

Editors and Publishers

NOTE—The opinions expressed in credited columns of the Sierra Madre News are those of the writers and do not necessarily represent those of the News.  
Letters addressed to the editor of the News are welcome, however, they must be signed with correct name of the writer. The writer's name will be withheld if requested.  
Individuals may feel free to express their ideas insofar as they remain within the bounds of propriety, however, letters attacking individuals or personalities will not be published.  
Subscription Rates: In Los Angeles County — \$5.00 per year. Elsewhere in the United States \$5.50 per year. Foreign Countries, Air Mail, Second Class, priced upon Application. 10 cents per single copy.

## FREEDOM AT ANY PRICE

By H. V. WITTY

Governor Edmund G. Brown in June of 1961 proclaimed: "Far from discouraging your student's social and public interests, I propose that you positively exploit them... I say: thank God for the spectacle of students' picketing, even when they are picketing me at Sacramento and I think they are wrong, for students protesting and Freedom-Riding, for students listening to society's dissidents, for students going out into the fields with our migratory workers, and marching off to jail with our segregated Negroes. At least we're getting somewhere. The colleges have become boot-camps for citizenship — and citizen-leaders are marching out of them... If America is still on the way up, it will welcome this new, impatient, critical crop of young gadflies. It will be fearful only of the complacent and passive."

In thinking "God for the spectacle of student picketing even when they are picketing me," the Governor was undoubtedly referring to last April's action in which he was the target of a picket line protesting his actions on civil rights. This incident has since been proven to be the handiwork of Howard Jester, Communist-backed candidate for Congress in 1962. Jester was announced as the featured speaker at a picnic sponsored in June of 1962 by the Communist National Guardian; he was reportedly one of four persons named to speak at a 50th birthday testimonial to identified Communist Jean Kramer; he is a high school teacher in the Bay area and has recently evidenced himself as part of the "Red" dominated Free Speech Movement at the University of California.

According to on-the-spot observers, the Free Speech Movement is being promoted and guided by the Communist Party, the Socialist Workers Party, the Progressive Labor Movement and the Dubois Clubs — all four of which are Communist oriented and dominated.

In 1963 University of California President Clark Kerr was instrumental in rescinding the Communist speaker ban and for this action was rewarded by the American Association of University Professors with the Alexander Melikjohn Award. To indicate the dubious background of the donor, one has only to point to the fact that Melikjohn, who lives in Berkeley, is honorary chairman of the National Committee to Abolish the House Committee on Un-American Activities. The records also show Melikjohn to have sponsored other cited Communist fronts.

A tip-off as to Kerr's political hue might be gleaned through a remark made by him in 1962. The University is "not going to be banning people just because they are alleged to be Communists." Another reported Kerr pronouncement has been that there is "absolutely not" any indication that the effect of speakers at U.C. campuses since the lifting of the speaker ban have tended to undermine the nation's way of life.

Karl Prussian, former Communist and FBI undercover operator has this to say on the subject: "Campus rebellions, led by hidden-identity communists are not of recent origin. In 1933, I became involved in a student strike against a 'tuition raise' at Wayne University in Detroit, Michigan, I was totally unaware at the time that the organization which 'led' the strike, the National Student League, was a Communist front. I

became its chairman, honestly believing that the cause was 'just.' That fight against the tuition raise parallels the present upheaval at U.C. There was picketing, marching and demonstrating; culminating with a sit-down strike on the City Hall steps.

"It was during this period that I was sufficiently influenced by a few 'humanitarian' professors on campus and many off-campus 'scholars' to make the biggest mistake of my life — that of joining the Communist party. Once in the conspiracy I was rigorously trained and rigidly disciplined. Thus began my 'career' from which it was difficult to extricate myself, even after having recognized the communist line of 'humanitarianism' as a lie and a fraud."

Yet Governor Brown has consistently assisted Communist exploitation of the young people of our state by his soft attitude toward Communism. He publicly thanks "God for the spectacle of student picketing" thus exhorting young minds with his "carte blanche" blessings. And then when his image becomes battered and tarnished via Proposition 13, the Governor in typical liberal fashion becomes publicly infuriated because of the students' total lack of respect for law and order.

Being a fully indoctrinated disciple of "Liberal Ivory Towerism" and having acted accordingly, University President Clark Kerr has been forced to sit in his administration office and watch his Rhode Island Reds come home to roost!

Because of this lack of competent leadership the people of California have been forced to view, and are expected to accept, the tragic results of political as well as academic liberalism — the pawns being young American college students.

Alpha Chi Omega of the San Gabriel Valley Evening Group will meet January 13, at 7:45 p.m. at the home of Mrs. Harry F. Kirby of 1201 S. Third Ave., Arcadia. Mr. Sherburne Berry of a Pasadena jewelry firm, will speak on the background of fine jewelry. Mr. Berry has designed fine jewelry and has been associated with the same jewelry firm for over 40 years.

Assisting Mrs. Kirby will be Mrs. Hartley King and Mrs. Eugene Moscarel of Pasadena. Any Alpha Chi Omega alumnae in the area are cordially invited to attend and may contact Mrs. Kirby.

## OUT OF THE COBWEBS

10 Years Ago:  
Jan. 13, 1955

Hastings Center is presenting its formal "Grand Opening" today, tomorrow, and Saturday with prizes and presents offered by the eight stores there. One of the special guests to please the children will be Captain Jet, TV star and "flying saucer hero," who will make his personal appearance at the Center tomorrow evening beginning at 7:15 o'clock.

Saturday, January 15, marks the reopening to the public of the famous camellia gardens at the Huntington Library for the 1955 blooming season. Blossoms are already appearing on some of the thousand varieties of plants which cover the five-acre hillside, and others will follow in greater profusion as the season advances.

The Rev. George W. Lindsay, now the minister of Christian Education for the Northern California Congregational Conference, has accepted the call to the Congregational Church in Sierra Madre. It is expected that the new minister will take his position some time in March.

20 Years Ago:  
Jan. 11, 1945

Cpl. Lawrence Garland returned to Ellington Field, Texas, last Saturday after a 15-day furlough from the Army Air Field with his parents, Mr. and Mrs. R. E. Garland of Sunnyside.

Sgt. Ellet Lorne Jackson, son of Mrs. Gladys Jackson, 55 Auburn, has been decorated by Gen. Clark in Italy. The award was the Bronze Star Medal for meritorious conduct last summer.

30 Years Ago:  
Jan. 11, 1935

The Mater Dolorosa Retreat House of the Passionists Fathers monastery here was voted the most successful retreat house in the United States at the recent convention of retreat directors held at Washington, D.C. Father Alban, who attended the convention representing the local monastery and the district, reports that although the institution is the youngest in America from the standpoint of the time during which it has been in operation, it now stands third in annual number of retreatants.

According to Mrs. Harold Roberts, program chairman of the Sierra Madre Parent-Teacher Association, an interesting program is to be presented in the school auditorium on Wednesday at 10 a.m. Miss Cleveland of Los Angeles will conduct a cooking school which is open to the public.

The City Council on Wednesday night directed the city clerk to advertise for bids for the operation of the Canyon Park plunge during a five-year period, beginning February 15, when James Heasley's lease expires.

40 Years Ago:  
Jan. 16, 1924

Work on the new \$15,000 Masonic Temple was started on Wednesday, and it is expected that the building will be ready for occupancy by May. The enterprise was planned about 18 months ago and soon resulted in the purchase of the lot 135x192 feet on Central Ave. just east of Baldwin. The new Temple will be devoted exclusively to the purposes of Sierra Madre Lodge No. 408 and the Eastern Star Chapter.

## Luncheon Meeting For Ward Belmont Alumnae Jan. 28

The 1965 Winter Luncheon Meeting of the Ward Belmont Alumnae Association of Southern California will be held Thursday, January 28, 11:30 a.m. to 2 p.m. at the California Club, 538 S. Flower St., Los Angeles. The program will include some brief accounts of members' trips. Reservations should be made by January 26 by phoning Jean Hendrix, 645-2467 or Mary Harris, 682-2542, 799-8181.

What's the next best thing to a new '65 Lincoln Continental?

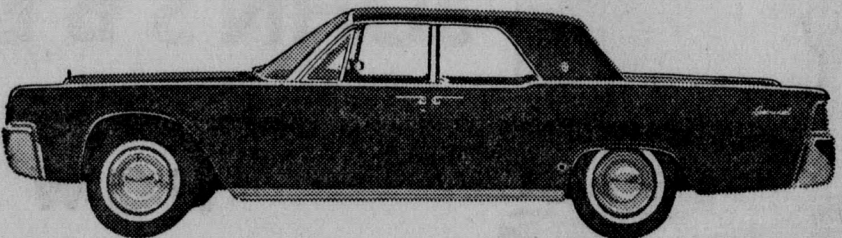

A nicely broken-in '64

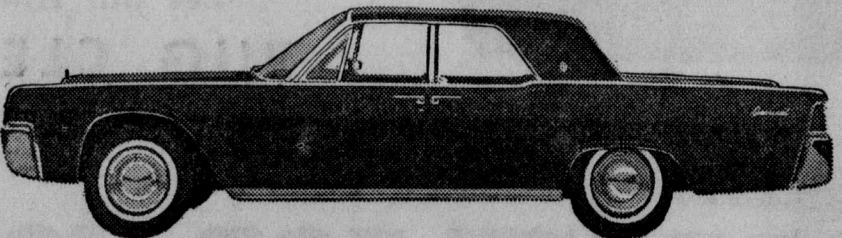

or '63

or '62

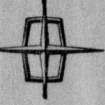

or '61

Wouldn't you like to be the next thoughtful owner of a classic Continental?

The new '65 Lincoln Continental has new advantages, of course. But whether it's a '61 or a '65, there is no *essential* difference in the unequalled care and skill which went into it... or the power and feeling of luxury you get out of it.

The one you choose may be previously owned... but you will find—as do so many—it's just nicely broken in.

## SPORTS AS Hank Ives SEES IT

ONE MAN'S OPINION  
THINGS ARE TOUGH ALL OVER... but at Santa Anita it's especially tough for a cocky little fellow by the name of Bill Hartack. Now "don't call me Willie" is in with the fastest company in the business.

Hartack will win his share, he's a good one, but jockeys like Shoemaker, Milo Valenzuela and Man-nie Ycasza will still get first pick of the top mounts. Hartack will certainly never win a popularity contest, and more than one trainer will sign much lesser lights, at least knowing that their rider choice will follow instructions.

THE FOOTBALL SEASON IS OVER... Now how about that? Let's see, in about three weeks the big league baseball teams will start training and before long the Rams will be checking out gear.

JOE NAMATH looks like a terrific quarterback, but there isn't a football player alive worth \$400,000.

THE FANTASTIC prices paid for collegiate gridirers in the past couple months should serve as a stepping stone to a joint draft by the two leagues. If the Rozelle-Foss loops soon don't see the light they will be out of the proverbial "long green."

IT SEEMS OBVIOUS that the AFL is now ready to meet on the field as well as at the bank. Here's hoping that next December the two leagues will be competing with each other for the bonafide national title.

TOMMY PROTHRO will be the new UCLA coach. By the time this column hits the print shop Bruin athletic director, J. D. Morgan, may have already named his new head football coach. I'm betting it will be Prothro.

FORGET the New Year's debacle. Prothro did well to get the Beavers into the Rose Bowl. His offense was unimaginative but then let's give the big feller credit. He knows a lot more about his horses than the public. And don't forget the fine development of Terry Baker who became a star under Prothro's tutelage. He obviously doesn't have any real talent, does he Har-land?

WALLY MOON may be a key to the success of the Dodgers in 1965. A final spurt by the aging outfielder who seems destined to share the rightfield berth with Al Ferrara will be needed to pick up the power slack left by the departed Frank Howard.

GEORGE BRUNET will have an equally important spot in the Angel hurling rotation this year. The left-hander is looking great in Puerto Rico and will be needed to provide the "wrongside" chucking left vacant by Belinsky.

POWER OF DESTINY will win Saturday's San Fernando Stakes. Hill Rise will be favored with Roman Brother getting lots of backing. Usually the winner of this race is a potent threat for the Charles H. Strub Stakes worth a hundred grand.

VIKING SPIRIT ran a lousy race in last Saturday's San Carlos, but take it from Old Hankus the Brittingham standard-bearer will run a big one soon.

PIERCE COLLEGE will win the Western States Conference cage race. The Brahmas should do it in a breeze with the strongest competition coming from L.A. Harbor. Pasadena should finish about fourth.

DAN SIKES JR. showed some of the finest putting

16—SIERRA MADRE NEWS Thursday, Jan. 14, 1965

## Senior Citizens Hold Luncheon

Senior Citizens held their weekly luncheon meeting at the Park house on Saturday with the newly elected President Roland Ridgway presiding. In his acceptance speech, he stresses friendliness, courtesy and cooperation, and extended a hearty welcome to all visitors.

Program chairman, Mrs. Martin Olsen presented Mr. and Mrs. Homer Weeks of Fairview Ave. who gave a delightful resume of their recent two month trip through the United States and Canada, illustrated by colored slides. The Weeks will entertain the organization on January 23 with a

musical program. An interesting letter was read by the secretary from Mr. and Mrs. Clinton Symonds who are enjoying 3 degree above zero weather in Minneapolis where they are being entertained by relatives and old friends.

Vice president Charles Goodfellow suffered a heart attack and is hospitalized at the Holy Cross Hospital in San Fernando.

Also on the sick list is Mrs. Ida Bridwell, Mr. Art Embree and Hi Embree. Uncle Bill Slater who has been ill with pneumonia was able to be out at the meeting once more.

Guests for the day were Mrs. Eva Bedard of Winnepeg, Canada and Mrs. Geneva Fry of Madison, Wis.

Hostesses were Mrs. Anna Ridgway, Mrs. Lola Bullock and Mrs. Mae Brier.

## Boy Scout Troop 373 Elects New Officers

Boy Scout Troop 373 of the Congregational Church, Sierra Madre selected new officers last week. Senior patrol leader is John Kingsbury; scribe - historian, Tucker Cheadle, and quartermaster, librarian, John Coyle. Patrol leaders are Scott Harris, Robert Cowan, Mike Hatshitsune and Kit Stroup. Their assistants are Gary Pogue, Willard Mescher, Kurt Skarin and Douglas Mitchell.

On Saturday, the Green Bar Patrol, composed of the above boys, met with full packs for what they thought was to be only an inspection of their proficiency in packing their gear. Scoutmaster Neil Smith and Assistant George Clark surprised them by taking them on a hike to Bailey Canyon where they ate lunch and studied correct handling of knife and axe.

At the end of the month the troop plans to take a camping trip to the Salton Sea.

# Single Homeowners, R.1, To Take Brunt of Tax Increase If Apartment Building Stops, Is Opinion of Sierra Madre Group

SIERRA MADRE NEWS—17  
Thursday, Jan. 14, 1965

room for 9, which would greatly deteriorate the income from the building venture, and lower land worth. Below is the text of a signed resolution that was enacted by those attending the meeting, and they have asked that you make it a point to attend the meeting of Thursday, January 21 in force, that you can be heard on what they feel is an Ordinance passed which was not within the keeping of the welfare of all the people of the community. The resolution:

ATTENTION ALL LOYAL SIERRA MADREANS  
INASMUCH AS The City of Sierra Madre has already adopted a Master Zoning Ordinance with particular respect to R-3 and R-P zones and the limitation placed thereon as protection to R-1 zones, and inasmuch as this was done only after long and careful study and many public hearings and at considerable expense to the taxpayers of Sierra Madre through the employment of a professional zoning service, and  
INASMUCH AS such zoning opportunity thus given all owners of R-3 and R-P

property has in every way proved practical and economically sound, with the result that scores of fine and beautiful apartment buildings have been built, attracting many hundreds of new residents to Sierra Madre as tenants, we do now consider it an act of gross injustice that such building opportunity in R-3 and R-P zones, by act of the City Council, is in effect withdrawn by materially handicapping restrictive features placed on new building, which can only have the result of greatly raising the cost of new apartments built with the result that such

new construction is made financially unsafe. We consider that the new R-3—R-P ordinance now adopted, if allowed to become permanent, will have the result of essentially prohibiting future construction.  
INASMUCH AS the original R-3—R-P building opportunity did encompass certain carefully drawn zones, and inasmuch as a new valuation was thus created and new and much higher taxes levied and paid on all such zone property, whether built on or not, we do now consider that the withdrawal of such building opportunity, by prohibiting

restrictions, is a violent breach of good faith and indeed an act of gross injustice to the owners of property in such zones, who have not yet built thereon. Considering the situation that now exists, that much of this undeveloped R-3—R-P property has been purchased by new owners who bought it in good faith with reliance upon the protective feature of the then-existing ordinance covering such building, assured them by higher taxation, who have not yet developed such property, we hold that such new ordinance now adopted is a breach of good faith to

these new Sierra Madre property owners.  
Specifically, the features of the new ordinance adopted to which we take strongest exception, is that of requiring 2,000 square feet of land per each unit in place of the former 1,500 square feet, the requirement that 10½ feet driveways be widened to 12½ and 18 feet driveways to 20, the new floor area requirement of 800 square feet for 1 bedroom units, 1100 for 2 bedroom units and 1300 for 3 bedroom units, the requirement of 400 square feet of recreational area and the new requirement of 2½ cars

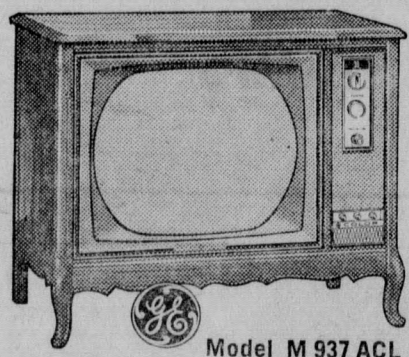

garage or parking space per unit. These new requirements can have no other result than materially raising rental construction cost practically to the point of prohibiting such new construction and thus, in a very specific manner, preventing the fair resale of presently undeveloped R-3—R-P property or forcing sacrifice sales because of restricting building features.  
Since the city has collected many thousands of dollars in higher taxation because of the former zoning plan, we hold that it is an undeniable obligation of the city not to breach this con-

tract-of-good faith and indeed to take no steps to stop the construction of new apartments and the consequent development, growth and improvement of Sierra Madre.  
Furthermore, with the obvious result of the new R-3—R-P ordinance and the resulting cessation of new apartment building and new taxation, it is clearly apparent that the necessary taxation load of the future will substantially be shifted to the vast bulk of R-1 individual property owners.  
We, the undersigned, do therefore implore the Planning Commission of the City

of Sierra Madre and the City Council to rescind the newly created R-3—R-P zoning ordinance and we call on all loyal and true Sierra Madreans, residents, property owners and businessmen alike, to attend the Planning Commission meeting at the city hall Jan. 21 and to exert all possible influence upon the Planning Commission to abrogate this woefully destructive anti-Sierra Madre zoning ordinance.

### New Officers To Be Installed

Mrs. Logan H. Good-knight, president of the 50,000 member, California Federation of Republican Women, will install the newly elected officers of the East Pasadena-Sierra Madre Republican Women's Club. This meeting will take place at the Eldorado on January 14, at 9:45 a.m.

Prior to the installation of the new officers recognition awards will be presented. Mrs. George Wenger, outgoing president, will review the club's achievements of 1964, which included a campaign contribution of nearly \$10,000, financed and staffed a campaign headquarters, won a top membership award and had outstanding monthly programs. The final achievement was a fashion tea honoring Mrs. Barry Goldwater and her daughter.

The newly elected officers of the East Pasadena-Sierra Madre Republican Women's Club are Mrs. Stuart Zuck, president; Mrs. R. R. Dewees, Mrs. Henry Myers, Mrs. Alpheus Pruitt, vice presidents; Mrs. Merle Miller, recording secretary; Mrs. Marvin Anderson, corresponding secretary; Mrs. Robert Bridges, treasurer, and Mrs. George Wenger, parliamentarian.

All interested Republican women are invited to attend. There will be a buffet luncheon after the meeting, for reservations call Mrs. Charles Seitz 355-9933.

### Increase Shown In Half-Day

A recent county-wide survey indicating an increase in the number of students on double sessions since the previous year was announced by Dr. C. C. Trillingham, Los Angeles County Superintendent of Schools. The survey reported the number of pupils in half-day sessions was 31,440 on November 1, 1964 as compared with 28,607 in 1963 and 22,821 in 1962. This is an increase of 2,833 students over the previous year.

As in the past years, the first three grades are most affected with 18,252 first grade children attending part-time, 8,309 second graders, and 1,112 third graders. Dr. M. E. Di Pietro, Consultant in Administrative Research, indicated that the range in the number of pupils in multiple sessions was from 19,123 in one district to 55 in another. The survey

also brought out the fact that some change took place this year over last year from district to district. Six districts showed an increase in the number of pupils in half-day sessions this year over last year. On the other hand, eight districts reduced the number of pupils in half-day sessions. Three districts which did not have any double sessions last year reported such sessions this year. Contrastingly, 3 districts with double sessions last year were no longer operating with such sessions.

Information received from the office of Dr. C. C. Carpenter, Assistant Superintendent, Field Assignments and Special Services, indicates that although construction of new classrooms is under way in some districts, the addition of new facilities will not entirely eliminate multiple sessions in all of the districts involved in the current construction program. An estimate of 525 new classrooms will be needed to remove these half-day sessions if it is assumed there would be 30 pupils to a room. In some districts multiple sessions not in existence at the time of the survey will be organized if current community growth continues.

### Academy Exams For Appointment Are Now Open

Assemblyman Houston I. Flournoy today announced examinations for young men in the 49th Assembly District interested in becoming his nominee to the California Maritime Academy this summer.

The examination, free of charge, will be given at Los Angeles City College April 15. Assemblyman Flournoy said. Candidates may choose instead to use their college entrance examination board scholastic aptitude test scores in competition. The applicant with the highest passing score will become Assemblyman Flournoy's nominee. To be eligible for admission, applicants must be high school graduates, unmarried, and between the ages of 17 and 22.

The state-operated California Maritime Academy is located on Carquinez Straits, Vallejo, northeast of San Francisco Bay. The Academy program provides, in three years, approximately the same education as a four-year college. The graduate receives a Bachelor of Science Degree, either in nautical science or in marine engineering and is licensed by the U.S. Coast Guard as an officer for service aboard U.S. merchant ships. Those who are physically and otherwise qualified are eligible for commissions in the U.S. Naval Reserve.

Those interested should contact Assemblyman Flournoy through his district office at 130 N. Indian Hill Boulevard, Claremont.

### Four Events Scheduled For Lively Arts Forum of Pasadena Jewish Temple

A series of four outstanding events has been announced for the 1965 Lively Arts Forum of the Pasadena Jewish Temple and Center, according to Mr. Leonard Halpern, chairman.

Now in its sixth year, the forum has provided a platform for men of creative distinction in the arts, letters and sciences. Conceived as a non-profit community service dedicated to cultural,

spiritual and intellectual enrichment, it has also contributed to the spirit of inter-faith harmony. Because of the many schools and institutions of higher scientific and technical learning in the San Gabriel Valley area, the forum has attracted an informed and knowledgeable audience.

All forum events will be 8 p.m. at the Temple Center, held on Sunday evenings at 8 p.m. at the Temple Center, 1434 N. Altadena Drive, Pasadena.

Tickets for the series or individual tickets are available at the Temple office, or by calling SY 8-1161 or MU 1-8840.

The forum will be launched on January 24 with Dimitri Tiomkin, composer-conductor and Academy Award winner. Other speakers are Melvin Belli, internationally famed trial lawyer, on February 21; Abby Mann, Academy Award film author of "Judgment at Nuremberg," on March 28, and Dr. Jesse Greenstein, world noted scientist, chairman of the Department of Astronomy at California Institute of Technology, on April 25.

A reception for the guest speaker will follow each of the forum series.

Attend the Church of Your Choice this Sunday

### Rotary Club of Altadena Has Notable Program

Campaigning, candidacy, and cases will be the focus of attention at the January 14 luncheon meeting of the Altadena Rotary Club at the Altadena Town and Country Club, 2290 Country Club Drive, according to Bob Young, program chairman.

Old and new techniques of political promotion will be compared by Mrs. Marguerite L. Alstrom, certified psychologist specializing in training candidates and directing campaigns, whose talk in entitled, "The Fabulous World of Political Campaigns." She is also currently serving her third term in public office, and previously taught public administration courses at the University of Southern California. Earlier, she served as a captain in the United States Air Force by direct commission as a public relations specialist.

The question-and-answer open forum following the talk will be conducted by Tom Alstrom, director of election operations for the Aldine Company, world's largest supplier of campaign materials. Like his wife, he completed extensive graduate work at the University of Southern California, majoring in public administration; was elected to membership in Pi Sigma Alpha, the honorary political science society for distinguished scholarship; and is listed in "Who's Who in the West" and "Who's Who in California."

Mr. Alstrom will also display several antique campaign posters, contrasted with those in use today. These are part of the Aldine Collection, believed to be the largest such collection in existence.

BIG dividends are found in the Classified Ads

### Post Opera Champagne Supper Jan. 30

The board of directors of the Pasadena Opera Company has announced plans for a post opera Champagne Supper to be held at the Huntington Sheraton Hotel.

Mrs. Don Sessions, chairman of the social committee, announced that members of the Pasadena Opera Company and special guests will be invited to attend the midnight supper honoring the opera stars following the performance of "La Traviata" on January 30 at the Pasadena Civic Auditorium.

Metropolitan Opera stars singing the leading roles of "La Traviata" at the gala opening performance will be Jean Fenn, acclaimed for her singing of the title role in "Manon" this season at the Met; Giuseppe Di Stefano, member of La Scala Opera Company, and Igor Gorin, celebrated baritone.

Bizet's "Carmen" scheduled for February 20, will be sung in English by Mildred Miller, Norma Lynn and Chris Lachona. Licia Albanese, reigning soprano of the Met will sing the title role in "Madame Butterfly" when the Puccini opera is presented on May 1, celebrating the Pasadena Festival of Arts.

Allen Jensen, noted director who was recently selected to conduct the first opera "in the round" at the new Melodyland Theatre in Anaheim, will conduct all performances of the Pasadena Opera Company for the 1965 season.

### Smile, You're on the Network

Don't bother hiding the curlers, madam. This happens to be an invisible network. You see, every time you use Southern California Edison electricity you unknowingly plug into a "network" of interconnected power facilities that blankets Edison's 65,000 square mile service territory.

Interconnection of generating plants and other equipment reduces operating costs and saves you money because Edison can supply your electricity from the most efficient facilities available. And in the event of any kind of disaster, electricity can be made available to you from someplace else on the network.

Speaking of interconnected electric systems, the "WEST" regional electric power development program, underway by Edison and other Western power suppliers, will save billions of dollars in construction and operating costs over the next 20 years. This project will help provide abundant electricity at the lowest possible rates for the growing Southwest. Additionally, plans underway by Edison and other West Coast utilities, together with the government, will bring surplus electric power from the Pacific Northwest to Southern California.

Interconnection of facilities is just one of the ways Edison and other investor-owned electric utility companies help keep the cost of electricity down.

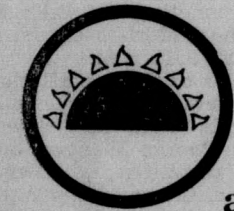

Cost of living vs. cost of Edison residential electricity

While the cost of living has risen markedly during the past several years, the average cost of a kilowatt-hour of electricity to Edison residential customers is 28% lower than it was in 1939.

An equal opportunity employer

how to...

live the good California life

We have the sun, and that's free. And the mountains. And seashore. And the lush California fruits and vegetables and trees and plants. And, if you grow them yourself, they are free. And people flock here by the thousands because they like the natural wonders of California.

But, sooner or later, it takes money to really enjoy it all. You need to buy a swimming pool, or ski clothes, or a surfboard, or new plants to complete your landscaping. And that's when you need your "How-To" banker at First Western Bank.

Your good life and First Western go together. We will lend you money to buy things, pay you for saving your money, and help you spend it with a check. We'll help you manage your money while you are here, and see that it is distributed as you want after you are gone.

We at First Western love the California life, too . . . and we understand what it takes to enjoy it. Let's get to know each other better.

See a "HOW-TO" Banker at any First Western Bank — Seventy-One California Locations.

## VENT

for the "other side"  
by "VAN DYKE"

Twice before have I thanked Walt Disney with a heart overflowing with child-like joy for what he has done and thanked God for giving us and the children a Walt Disney; when he showed his first feature-length cartoon Snowwhite and when he opened his Disneyland. I am now doing it a third time — for producing Mary Poppins! It is a sheer delight for the whole family, joyfully funny, unbelievably real in its magic and done with the usual astonishing perfection in all things. My wife and I saw it on our 38th honeymoon this New Year's Day, when we celebrate our anniversary alone in town by seeing the Rose Parade, two shows and eating lunch and dinner at different places each year. The whole thing is prepared ahead of time and is a surprise to my wife until it unfolds one by one on that glorious day... and night.

Reluctantly coming back to politics, we hope that soon the talk will stop and action — whatever it may turn out to be — will take its place. We need an image, we need a united front, we need a program — we need so much. Soon the face-lifting will start and we shall see our new image...

And so to Witty's column of December 31st which ended: "May we enter into the New Year more aware of the verbal deception foisted upon us by the 'left'... I would like to add: 'and the right.' If nothing else, we should have learned from the landslide defeat in the last election that we are not, as Martin Dies says in his quoted comments, only 'the Left's political enemies' but a responsible political party with a platform differing from the Democratic one. Had we been fighting Democrats instead of 'Communists, Socialists, Pinkies, One-worlders, Beatniks, Negro-lovers, Dupes and Dopes' — we may have won. The term 'Fascist,' my Witty colleague, was only used by the liberals to offset the glowing terms listed above which were bestowed upon them. Neither was based upon truth — but the reason for using the term 'Fascist' was evaded by Martin Dies in his 'Tongue in the cheek' comments. Webster also lists an 'exaltation of nation and race' as explanation for the Fascist principles of Mussolini and Hitler. The ultra-rightists, in their anxiety to be 100 per cent American, almost changed patriotism and love of one's country to a narrow-minded, no opposition tolerating Nationalism of those dictatorships... and all racists joined the ultra-rightists as supporting the supremacy of the White Race.

The main thing now in the new year, however, is to realize how far the "name-calling" had gone and how deep the abyss between liberals and conservatives had

grown. Each political party should have both — but not as leaders of opinion. They should group around the moderate center of each party which differs mainly in the domestic politics and government philosophy.

I don't know anything about the Illinois case you refer to in your editorial column, Carrot Top, under the heading of "Reversal of Justice" — but the fears of many voters for Proposition 14 were uncalled for. The California Fair Employment Practices Commission does not consider anyone guilty unless he either admits to discrimination or the facts presented against him prove discrimination. It must have the facts before it can rule that discrimination took place. As Al Smith used to say: Let's look at the record! During the past four years prior to the election, they handled 3000 complaints and dismissed 2/3 of them as false accusations! 1/3 of the cases were dismissed as apparently invalid and 1/3 were dismissed for lack of sufficient evidence — leaving the owners INNOCENT. The remaining 1/3 were handled through conciliation — only THREE OF THE 300 CASES WERE TAKEN TO COURT. Enuff said — let's forget it until the Supreme Court rules whether Proposition 14 was constitutional or not. I'll make any bet with you, Carrot Top, that Proposition 14 will be thrown out by the Courts in the end.

Defensive driving will always pay. Drive carefully — Children should be seen and not hurt.

## CARROT TOP

got the money... then...

All they have left to do is consider the over 1000 petitioners that ask that the center be postponed and put on the ballot at the next general election of the City, which would be April, 1966.

Of course if this is done, the \$200,000 would be thrown into a state of "inactive funds" until the votes were counted. I am sure it would not go to help alleviate the tax situation. It would of course draw around 3 1/2 to 3 3/4 per cent interest during that time... But I am sure you will agree that increased costs will advance from 10 to 15 per cent, and all of us will be on the losing end, any way you want to look at it... A little time should tell us all about it, I am sure.

Here at the newspaper, we are expecting a major move sometime during 1965, one that I am sure will be an advantage to all concerned. The situation is just starting to take form, and we will let you in on it as soon as the shape of things becomes more definite.

All in all, we start the new year with the following quotation... "A successful life is within reach of everyone where men are free and is achieved by living honorably, making creditable use of time and talents, and creditably fulfilling the obligations of democratic citizenship." See you around, now and then, I hope, I hope, I hope.

## LEGAL NOTICE

CITY OF SIERRA MADRE, CALIFORNIA STREET ASSESSMENT DISTRICT NO. 84 (MERRILL ALLEY) NOTICE OF FILING OF ASSESSMENT AND TIME OF HEARING THEREON

NOTICE IS HEREBY GIVEN that heretofore there was filed with the undersigned, City Clerk of the City of Sierra Madre, California, an assessment to cover the sum due for the work and improvement done and performed by the Contractor, under and in pursuance of the provisions of the Improvement Act of 1911, reference being made to Resolution of Intention No. 2067, passed and adopted by the City Council of the City of Sierra Madre on the 14th day of April, 1964, in the matter of the construction of paving and drainage facilities to be constructed on the property of the City of Sierra Madre, District No. 84 in said City, for the description of said work and improvement, and of the District to be assessed to pay the costs and expenses thereof, said assessment being made pursuant to the provisions and requirements

## LEGAL NOTICE

of said Act, according to the character of the work done, and has attached thereto a diagram of said district as required by said Act.

Said assessment shows the amount to be paid to the contractor for the work and improvement contracted for and performed, together with all incidental expenses, and shows the amount of each assessment against each lot or parcel of land assessed to pay the same.

NOTICE IS HEREBY GIVEN that the 26th day of January, 1965, at the hour of 9:00 o'clock p.m., is the time fixed by the undersigned City Clerk when any and all persons interested in the work done, or in the assessment on file, may appear at the regular place of meeting of said City Council, located in the Council Chambers, City Hall, 55 West Sierra Madre Blvd., Sierra Madre, Calif., and be then and there heard by said City Council. Protests or appeals must be in writing and made to said City Council prior to the time fixed

Installation

Sons of Norway, Nortuna Lodge No. 55, announces installation of officers, Vasa Temple, 2031 E. Villa St., Pasadena. Held on Saturday, January 9 at 8 p.m. Installing officer was Carl Stettin, District No. 6 director. The following residents of Sierra Madre were installed: Inner guard Vernon Snow; Outer Jr. Ross Evanson; assistant social director, Myrtle Daly. Following the installation there was a dance.

## LEGAL NOTICE

for said hearing, all in accordance with the provisions of said Act.

L. MARIE WARFEL, City Clerk of the City of Sierra Madre, California. Publish: Sierra Madre News Jan. 7 and 14, 1965
